X.XX.XXX Purpose.

It is the purpose of this code to provide for the issuance of special event permits to regulate events on the public rights-of-way, public property, and on private property if the event will impact the delivery of governmental services, in the interest of public health, safety and welfare of the city; and to provide for fees, charges and procedures required to administer the permit process.

X.XX.XXX Definitions.

"Business" means and includes any activity which involves sale of any goods or services, whether conducted for profit or not, and regardless of by whom conducted.

"Event organizer" means any person who conducts, manages, promotes, organizes, aids, or solicits attendance at a special event.

"Expressive activity" includes conduct including but not limited to marches, rallies or gatherings, the sole or principal object of which is the expression, dissemination or communication by verbal, visual, literary or auditory means of opinion, views or ideas and for which no fee or donation is charged or required as a condition of participation in or attendance at such activity. For purposes of this chapter, expressive activity does not include sports events, fundraising events, or events the principal purpose of which is entertainment.

"Sidewalk" includes any and all structures or forms of street improvement included in the space between the street margin and roadway, and specifically includes curbs or other delineation for pedestrian travel.

"Sign" means any sign, pennant, flag, banner, inflatable display, or other attention-seeking device.

"Special event" means any activity which is to be conducted on public property or on a public right-of-way, or any event held on private property which would:

1. Have a direct significant impact on traffic congestion or traffic flow to and from the event over public streets or right-of-ways; or

2. Substantially impact public streets or right-of-way near the event; or
- 2-3. _____ Significantly impact the need for emergency services, such as police, fire or medical aid; or
4. Is to be held in the city's **Central Commercial Zone** and involves the sale of tickets for attendance or is open to the general public with attendance expected to exceed more than **100-50** people.

Commented [SC1]: I think this is Yakima-specific terminology. What language is Cle Elum using for the downtown?

Any event on private property which involves an open invitation to the public to attend, or an event where the attendance is by private invitation of **100-50** or more people, is presumed to be an event that will have a direct significant impact on the public streets, right-of-way or emergency services, and therefore a "special event." Special events might also include, but are not limited to, fun runs/walks, athletic competitions, auctions, bike-a-thons, public fundraisers, parades, festivals, shows or exhibitions, outdoor film/movie events, block parties and fairs, trade shows, arts and crafts shows, home shows, recreational vehicle shows, boat shows, and antique shows.

"Special event permit" means a permit issued under this chapter.

"Special event venue" means that area for which a special event permit has been issued.

"Street" means a way or place of whatever nature publicly maintained and open to use of the public for purposes of vehicular travel. Street includes highway.

"Tax-exempt nonprofit organization" means an organization that is exempted from payment of income taxes under Section 501 of the Internal Revenue Code.

"Vendor" means any person, association, group, partnership, corporation or firm selling goods, food, beverages or services within a special event venue.

"Use" shall mean to construct, erect, or maintain in, on, over or under any street, right-of-way, park or other public place, any building, structure, sign, equipment or scaffolding, to deface any public right-of-way by painting, spraying or writing on the surface thereof, or to otherwise occupy in such a manner as to obstruct the normal public use of any public street, right-of-way, park or other public place within the City, including a use related to special events.

X.XX.XXX Special event permit required; authority of responsible official; application fee.

A. Except as provided elsewhere in this chapter, a special events permit issued by the appropriate council committee must be obtained from the city to conduct, promote, or manage a special event.

AB. All events planned to take place on public property must submit an event application and obtain a special events permit.

C. An event application is also required for events on private property if they have the potential to substantially impact the normal operations of the city. This includes, but is not limited to, effects on

pedestrian traffic flow, parking availability, vehicle traffic flow, street access (such as the need for street closures), or any potential risk to public safety.

Substantial, in this context, refers to any impact that is significant enough to noticeably alter or disrupt the normal operations of the city in more than a temporary or minor way. This includes but is not limited to causing delays, congestion, or increased demand on city resources, services, or infrastructure, and necessitating additional planning, resources, or measures to maintain public safety and order. The duration of the event may also be a factor in determining whether the impact is substantial.

~~Except as provided elsewhere in this chapter, a special events permit issued by the city manager or their designee ("responsible official") must be obtained from the city to conduct, promote, or manage a special event.~~

~~B. The responsible official is authorized to:~~

- ~~1. Issue, deny or revoke permits for special events occurring within the city limits, pursuant to the procedures established in this chapter.~~
- ~~2. Determine the special event venue, including the setting of reasonable boundaries for the special event venue, balancing the special event requirements and the public health, safety, and welfare.~~

~~Coordinate the issuance of a special event permit with other local, state or federal public agencies in whose jurisdiction or on whose property the special event or portion thereof occurs and to issue a special event permit upon the concurrence of other public agencies involved.~~ **X.XX.XXX Fees, cost recovery for special events; security deposit.**

Application Fee

A.

~~Establish a nonrefundable application fee set forth in the City of Cle Elum master fee schedule adopted by city council via resolution must be submitted with any special event permit application. Any event application submitted less than four weeks before the scheduled event is subject to an additional late fee set forth in the City of Cle Elum master fee schedule adopted by city council via resolution. non-refundable application fee, subject to approval by city council resolution, to be paid by the event organizer at the time the special event permit application is first submitted to the responsible official. The application fee shall not be charged for an application to conduct an expressive activity.~~

B. City Services Permit Fee.

~~Upon approval of a special event permit application, the Finance Director or other designated official should provide the applicant with a statement of the estimated cost of city services, equipment and materials used or provided by city in providing traffic control and management for parades and vehicle events, and permit fees.~~

The City Services Permit Fee shall be calculated and assessed as follows:

1. Upon receipt of a special event application for comment and approval, the head of each city department shall provide an estimate of costs expected to be incurred by the respective department. By way of illustration, and without limitation, personnel services provided by

affected city departments include, but are not limited to, services such as police escorts and traffic control. Costs of such services are called “event management personnel costs”. Each departmental personnel activity required for the special event shall be itemized, showing hourly rate and total cost. The “total event management personnel costs to the city” shall be the sum of each department’s personnel costs.

2. Nonprofit applicants shall pay fifty percent (50%) of the costs of the personnel services provided by the city. For-profit applicants will pay one hundred percent (100%) of the total event management personnel costs.
3. The Finance Director shall require payment of fees, or a reasonable estimate thereof, at the time the completed application is approved. The special event permit will not be issued until the City Services Permit Fee is paid in full.

Commented [SC2]: Do we want to keep this split?

Commented [SC3]: Do we need to create actual permit documents?

C. Security Deposit.

Except for an application for a permit for a special event protected under the First and Fourteenth Amendments of the US Constitution or other events exempted from fees as described in this section, each application for a special event permit shall be accompanied by a security deposit. The security deposit shall be in an amount the Finance Director and heads of relevant City departments determine is necessary and appropriate to defray costs of cleanup, repair and/or restoration based upon:

1. The number of persons expected to attend or participate in the event;
2. The type or nature of the event;
3. The number and type of vendors participating in the event;
4. Whether alcohol will be provided, served or consumed at the event venue; and
5. Any other factor deemed relevant to determine the amount of deposit based upon reasonably foreseeable costs of cleanup, repair and/or restoration.

(1) Payment of Funds to Be Used for Security Deposit.

Payment of funds to be used for security deposit shall be by cash or certified check.

(2) Deposit of Funds.

Funds received from the applicant for security deposit shall be receipted by the city and deposited in an appropriate fund.

(3) Refund of Security Deposit.

Subject to compliance with the following conditions, funds held by the city as a security deposit shall be refunded to the applicant in accordance with applicable payment procedures of the city:

- (a) Applicant has complied with all requirements of the permit;
- (b) Applicant has cleaned, repaired and restored the site following the conclusion of permitted event to the condition existing prior to the event, reasonable wear and tear excepted, to the satisfaction of the economic development manager.

(4) Use of Funds in Security Deposit by City.

In the event applicant fails to comply with the approved cleanup plan included within the permit and/or damage to city property or facilities has occurred on the event site attributed to participants in the event, the economic development manager shall use reasonable efforts to notify the applicant that the city will proceed to clean, repair and restore the subject site and facilities, and thereupon authorize city personnel to conduct

such cleanup and restoration. The cost of such city cleaning, repair and restoration shall be computed using the hourly rate of each city employee (with overtime rate, as applicable) multiplied by the hours worked by each employee, and the hourly rate for city equipment used for the cleanup, repair and restoration multiplied by the number of hours such equipment was used. Costs incurred by the city also include the costs of any third-party contractor retained to conduct or assist with such cleanup, repair or restoration. City will document its costs incurred in cleanup, repair and restoration and deduct from the security deposit the total amount incurred by the city for such cleanup, repair and restoration. In the event applicant fails to comply with any of the requirements of the permit, any costs incurred by the city resulting from such noncompliance shall be documented and deducted from the security deposit by the city. The city shall thereupon request a refund of the remaining balance of the security deposit to be processed and paid to the applicant and shall provide the applicant with a copy of the document showing city costs incurred.

D. Recovery of Excess Costs—Responsibility of Applicant.

The applicant shall be responsible for all cleanup, repair and restoration required in this code, the approved permit and cleanup plan, and any other costs incurred by the city resulting from the applicant's failure to comply with any of the requirements of the permit. In the event city costs associated with cleanup, repair and/or restoration of the site or applicant's failure to comply with any of the requirements of the permit exceed the amount of the security deposit, applicant shall pay the excess amount to the city within fourteen days, and the city reserves the right to seek recovery of such amounts from any and all responsible parties, including but not limited to the applicant.
