Sections:

- 8.05.010 Declaration of policy.**

- 8.05.030 Closure of doors and restriction on outdoor activities.**
- 8.05.040 Penalty.**
- 8.05.050 Exceptions and waivers.**

8.05.010 Declaration of policy.

It is hereby declared to be the policy of the city to minimize the exposure of citizens to the physiological and psychological dangers of excessive noise and to protect, promote and preserve the public health, safety and welfare. It is the express intent of the city to control the level of noise in a manner which promotes the use, value and enjoyment of property, sleep and repose; commerce; and the quality of the environment.

(Ord. 1611 § 1 (Exh. A), 2021)

8.05.020 Unreasonable noise unlawful.

A. *Violation.* It is unlawful for any person to cause or make, or for any person to allow to originate from the property in and under his or her possession, ownership or control, any loud or raucous noise which unreasonably disturbs or interferes with the peace, comfort, or repose of others. While the ordinance codified in this chapter is in effect twenty-four hours a day, every day, the level of acceptable noise is lower between the hours of ten p.m. and seven a.m.

B. *Definition.* "Person," as used in this chapter, means any natural person or persons, firm, corporation, partnership, association, business or any other legal or commercial entity.

C. *Factors to Be Considered.* In determining whether a noise is unreasonable under subsection (A) of this section, the following factors incident to such noise are to be considered: time of day; proximity to any residential structures, including proximity to dwelling units within the same or adjacent, multifamily structures or complexes; proximity to any school, church, hospital, nursing or convalescent facility, or human service facility; whether the noise is recurrent, intermittent or constant; the volume and intensity of the noise; whether the noise has been enhanced in volume or range by any type of electronic or mechanical means; whether the noise is typical of the routine normal operation of the type of business or industrial activity involved, giving consideration to the effects upon other allowed uses in the land use zone in which the business is located; whether the noise is subject to being controlled without unreasonable effort or expense to the creator thereof.

D. *Rebuttable Presumptions.* The following noise is presumed unreasonable under subsection (A) of this section:

1. Noise emanation from a residence that can be heard one hundred feet beyond the estimated property line at any time of the day, or fifty feet beyond the estimated property line between the hours of ten p.m. and seven a.m.
2. Noise emanating from a person, machinery, equipment or vehicle that can be heard two hundred feet away at any time of day or fifty feet away between the hours of ten p.m. and seven a.m.; provided, however, that sound from motor vehicle sound systems such as tape players, radios, and compact disc players operated at a volume so as to be audible greater than fifty feet from the vehicle itself shall also be presumed unreasonable at any time.

E. *Illustrative Enumeration.* The following sounds or combinations of sounds are illustrative of the types of sounds which may, upon application of the factors in subsection (C) of this section and/or the presumptions in subsection (D) of this section, constitute unreasonable noise under subsection (A) of this section. This enumeration of sounds or combinations of sounds shall not be construed as excluding other sounds and noises which offend the public peace, comfort, or repose of others:

1. Sounds made by an animal, except that such sounds made in animal shelters, commercial kennels, veterinary hospitals, pet shops or pet kennels licensed under this code shall be exempt from this subsection; provided, that notwithstanding any other provision of this chapter, if the owner or other person having custody of the animal cannot, with reasonable inquiry, be located by the investigation officer or if the animal is a repeated violator of this subsection, the animal may be impounded by an animal control officer or the investigating officer, subject to redemption in the manner provided by ordinance.
2. Sounds made by horn or siren, except such sounds that are made to warn of danger or that are specifically permitted or required by law.
3. Sounds made in connection with the starting, operation, rebuilding or testing of any motor vehicle, motorcycle, off-highway vehicle, or internal combustion engine.
4. Sounds created by the use of a musical instrument, or other device capable of producing sound when struck by an object, a whistle, sound amplifier, stereo, radio, compact disc player, television, motor vehicle audio system or other device capable of producing, amplifying, or reproducing sound.
5. Sounds made by the amplified or unamplified human voice, such as yelling, shouting, screaming and hooting.
6. Sounds made in connection with activities such as a band session, social gathering, tavern operation or liquor establishment, or commercial sales lot.

F. *Content Not to Be Considered.*

1. The content of any speech associated with a sound shall not be considered in determining a violation of this section.
2. Sounds emanating from church bells and/or religious PA systems shall not be considered in determining a violation of the section.

(Ord. 1611 § 1 (Exh. A), 2021)

8.05.030 Closure of doors and restriction on outdoor activities.

It is unlawful for any person who owns, operates or manages a commercial establishment that provides live or recorded music or electronic gaming or entertainment devices to patrons for purposes of dance or entertainment to fail or neglect to close their external doors, including all doors leading to open air patios and outdoor spaces of

the establishment, while such music is being provided between the hours of ten p.m. and seven a.m., and no such music, gaming or entertainment devices shall be allowed or used outside of the interior portion of said establishments during those hours.

(Ord. 1611 § 1 (Exh. A), 2021)

8.05.040 Penalty.

It shall be a civil infraction for any person to violate the provisions of this chapter. Any person who violates any provision of this chapter shall be assessed a penalty and default amount in an amount not to exceed two hundred fifty dollars, not including statutory assessments; provided, that the penalty and default amount for a second violation within any twelve-month period of time shall not exceed five hundred dollars, and the penalty amount for a third or subsequent violation within any twelve-month period shall not exceed one thousand dollars.

(Ord. 1611 § 1 (Exh. A), 2021)

8.05.050 Exceptions and waivers.

A. *Exceptions.* The provisions of this chapter shall not apply to:

5. Noise associated with snow removal;
6. Noise created by sources in industrial zones which over the previous years have consistently operated as a consequence of process and necessity or demonstrated routine normal operation;
7. Between the hours of seven a.m. and ten p.m., noise created by powered equipment used in temporary or periodic maintenance or repair of residential property, grounds and appurtenances, including but not limited to sounds from lawnmowers, snow removal equipment and powered hand tools.

B. *Approval of Waivers.*

1. The mayor and his/her designee may grant a waiver to an event or activity otherwise subject to the provisions of this chapter, upon approval of the request by the city administrator and the police chief. Notwithstanding the foregoing, the mayor or his/her designee may refer any waiver request to the city council at the next scheduled council meeting for consideration of whether it should be approved.
2. A request for a waiver must be submitted to the city administrator no later than thirty calendar days prior to the event for which the waiver is sought. In granting a waiver, the mayor or his/her designee, or city council, may prescribe reasonable conditions, including but not limited to limiting the times and location for which the waiver applies. The grant of any such waiver shall be specific to the location of the particular event or activity for which the waiver is granted, unless a broader geographic application of the waiver is identified by the city council.

Sections:

- 8.13.010 Purpose.**
- 8.13.020 False alarms.**
- 8.13.030 Recovery of costs.**

8.13.010 Purpose.

The purpose of this Chapter [8.13](#), is to treat false alarms separately from nuisances as defined and regulated in Chapter [8.12](#). False alarms not caused by attempted break-ins or fire occurring on building premises not only

divert police from patrol and service duties, but cost the city thousands of dollars each year from officer time spent in investigating alarms. To recoup these costs, it is necessary for the city to recover its costs associated with these responses. It is a defense to any fee charged by the city that evidence existed of forced entry or an attempted break in. The owner and/or tenant responsible for use and occupancy of the premises shall report any such evidence to the city police department in a signed written report.

(Ord. 1053 § 1, 1997)

8.13.020 False alarms.

There may be charged for an emergency personnel response to a false fire, burglary and/or robbery alarm fees, the following:

- A. For a fourth response to premises within three months after the first response and for each succeeding response within a three-month period, fifty and no dollars (\$50.00).

(Ord. 1063 § 1, 1997; Ord. 1053 § 1, 1997)

8.13.030 Recovery of costs.

The city clerk shall bill the owner of the premises and any known lessee or tenant at the last known address by first class mail. Should these fees not be duly paid within one month of mailing, the city may cause a lien to be filed against the real property in question and foreclosed at law in the same manner as unpaid utility services or unpaid taxes.

(Ord. 1053 § 1, 1997)

E. The person subject to an admonishment contained on an exclusion order/notice to vacate may appeal the admonishment in writing. Any such appeal must:

1. Be in writing, including at least the person's name, the involved property location, and the approximate admonishment date to enable processing of the appeal.
2. Be received by the city clerk or postmarked within fourteen calendar days of the person's receiving the admonishment; and
3. Be under oath and include all facts that the admonished person believes support shortening or rescinding of the admonishment.

F. The mayor or designee shall review any appeal of the admonishment and shall issue a ruling upholding, rescinding, or shortening the admonishment within fourteen calendar days of receiving the written request for appeal. The appeal process in this section cannot be used to appeal any criminal penalties imposed by a court under this section or any other law. B. *Permit – Application.*

1. Application for a helicopter landing permit shall be made in writing to the chief of police at least thirty days in advance of the date of the contemplated helicopter landing; provided, the chief, in his/her discretion, may reduce or waive the application time period for an unexpected occasion when such reduction or waiver will not result in or contribute to creating a hazardous condition. 8.60.010 Purpose.

The purpose of this chapter is to establish an efficient system of enforcing city regulations that will enable violations to be promptly resolved whenever possible, while providing both appropriate penalties and a full opportunity for alleged violators to have a hearing to contest the violations. It is the express and specific purpose and intent of this chapter to provide for and promote the health, safety, and welfare of the general public and not to create or otherwise establish or designate any particular class or group of persons who will or should be especially protected or benefited by the terms of this chapter. It is also the express and specific purpose and intent of this chapter that no provision or term used in this chapter is intended to impose any duty whatsoever upon the city or any of its officers or employees. Nothing contained in this chapter is intended or shall be construed to create or form the basis of any liability on the part of the city, its officers, employees, or agents, for any injury or damage resulting from any action or inaction on the part of the city, its officers, employees, or agents.

(Ord. 1640 § 1 (Exh. A), 2022)

8.60.020 Definitions.

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise or they are more specifically defined in a subchapter or section. Terms not defined shall be given their usual meaning.

“Abate” means to act to stop an activity and/or to repair, replace, remove, or otherwise remedy a condition, when such activity or condition constitutes a violation of this code or a city regulation, by such means and in such a manner and to such an extent as the applicable department director, enforcement officer, or other authorized official determines is necessary in the interest of the general health, safety, and welfare of the community. For the purposes of this chapter, the verbs “abate” and “correct” shall be interchangeable and have the same meaning.

“Act” means doing or performing something.

“City” means the city of Cle Elum, Washington.

“Civil penalty” or “monetary penalty,” as used in any code, ordinance, or regulation of the city shall be deemed to have the same meanings as used in this chapter.

“Code” means the Cle Elum Municipal Code.

“Code enforcement officer” or “enforcement officer” means the city’s code enforcement officer(s); the building official; building inspectors; construction inspectors; the fire marshal or his or her designee; fire inspectors; the chief of the Cle Elum police department or his or her designee; the director of the planning department or his or her designee; the director of the public works department or his or her designee; or any other person or persons

assigned or directed by the city administrator or his or her designee to enforce the regulations subject to the enforcement and penalty provisions of this chapter.

“Correction notice” means a written statement issued by a code enforcement officer, notifying a person that property or work under his or her control is in violation of one or more regulations and informing such person that a notice of civil violation may be issued and/or an infraction or criminal charges filed if the violations are not abated.

“Costs” means, but is not limited to, contract expenses and city employee labor expenses incurred in abating a nuisance; a rental fee for city equipment used in abatement; costs of storage, disposal, or destruction; legal expenses and attorneys’ fees associated with civil judicial enforcement of abatement orders or in seeking abatement orders; and any other costs incurred by the city, excluding fees and expenses associated with appeals authorized by this code or by state law.

“Day” or “days” means one or more calendar days, unless expressly stated otherwise in a given section or subsection. In addition, any portion of a twenty-four-hour day shall constitute a full calendar day.

“Hearing examiner” means the Cle Elum hearing examiner and the office thereof, as established pursuant to CEMC Chapter [2.60](#).

“Knowledge” means being aware of a fact or circumstance or having information which would lead a reasonable person in the same situation to believe a fact or circumstance exists. A person acts knowingly or with knowledge when that person either is aware of one or more facts, circumstances, or results, which are described by an ordinance defining an offense, or has information which would lead a reasonable person in the same situation to believe that facts, circumstances, or results exist which are described by an ordinance defining an offense.

“Mortgagee” means a financial institution, including a bank, credit union, or other commercial lender, which holds mortgaged property as security for repayment of a loan.

“Notice of violation” or “notice of civil violation” means a written statement, issued by a code enforcement officer, which contains the information required under CEMC Section [8.60.120](#) and which notifies a person that he or she is responsible for one or more civil violations of the Cle Elum Municipal Code.

“Omission” means a failure to act.

“Owner” means any owner, part owner, joint owner, tenant in common, tenant in partnership, joint tenant, or tenant by the entirety, of the whole or of a part of a building or land.

“Person” means any individual, firm, business, association, partnership, corporation, or other legal entity, public or private, however organized. Because “person” shall include both human beings and organizational entities, any of the following pronouns may be used to describe a person: he, she, or it.

“Person responsible for the violation” or “violation” means any of the following: a person who has titled ownership or legal control of the property or structure that is subject to the regulation; an occupant or other person in control of the property or structure that is subject to the regulation; a developer, builder, business operator, or owner who is developing, building, or operating a business on the property or in a structure that is subject to the

regulation; a mortgagee that has filed an action in foreclosure on the property that is subject to the regulation, based on breach or default of the mortgage agreement, until title to the property is transferred to a third party; a mortgagee of property that is subject to the regulation and has not been occupied by the owner, the owner's tenant, or a person having the owner's permission to occupy the premises for a period of at least ninety days; or any person who created, caused, participated in, or has allowed a violation to occur.

"Regulation" means and includes any of the following, as now enacted or hereafter amended:

1. All Cle Elum Municipal Code provisions;
2. All standards, regulations, and procedures adopted by the city pursuant to a city ordinance;
3. The terms and conditions of any permit or approval issued by the city, or any concomitant agreement entered into with the city, pursuant to code provisions; and
4. A written order of the hearing examiner that has been served as provided in this chapter.

"Repeat violation" means, as evidenced by the prior issuance of a correction notice or a notice of violation, a subsequent violation that has occurred on the same property or that has been committed by a person responsible for the prior violation elsewhere within the city of Cle Elum. To constitute a repeat violation, the violation need not be the same violation as the prior violation. The violation of a written order of the hearing examiner that has been served as provided in this chapter shall constitute a repeat violation.

"Right-of-way" means land owned, dedicated, or conveyed to the public or a unit of government, used primarily for the movement of vehicles or pedestrians and providing for access to adjacent parcels, with the secondary purpose of providing space for utility lines and appurtenances and other devices and facilities benefiting the public. "Right-of-way" includes, but is not limited to, any street, easement, sidewalk, or portion thereof under the jurisdiction of the city.

"Violation" or "civil violation" or "civil infraction" means an act or omission contrary to a regulation as defined in this section. A violation continues to exist until abated to the satisfaction of the city, with each day or portion thereof in which the violation continues constituting a separate violation.

(Ord. 1640 § 1 (Exh. A), 2022)

8.60.030 Conflicting code provisions.

In the event a conflict exists between the enforcement provisions of this chapter and the enforcement provisions of any international or uniform code, statute, or regulation that is adopted in the Cle Elum Municipal Code and subject to the enforcement provisions of this chapter, the enforcement provisions of this chapter shall prevail unless the enforcement provisions of this chapter are preempted or specifically modified by said code, statute, or regulation. In the event of a conflict between this chapter and any other provision of this code or city ordinance providing for a civil penalty, the more specific provision shall control.

(Ord. 1640 § 1 (Exh. A), 2022)

8.60.040 Joint and several responsibility and liability.

Responsibility for violations of the codes enforced under this chapter is joint and several, both as to duty to correct and to payment of monetary penalties and costs, and the city is not prohibited from taking action against a party where other persons may also be potentially responsible for a violation, nor is the city required to take action against all persons potentially responsible for a violation.

(Ord. 1640 § 1 (Exh. A), 2022)

8.60.050 Computation of time.

In computing any period of time prescribed or allowed by this code, the day of the act, event, or default from which the designated period of time begins to run shall not be included. The last day of the period so computed shall be included unless it is a Saturday, Sunday, or legal holiday, in which event the period shall run until the end of the next day which is neither a Saturday, Sunday, nor legal holiday. When the period of time prescribed or allowed is less than seven days, intermediate Saturdays, Sundays, and legal holidays shall be excluded in the computation.

(Ord. 1640 § 1 (Exh. A), 2022)

8.60.060 Interference with code enforcement unlawful.

Any person who intentionally obstructs, impedes, or interferes with any lawful attempt to serve a notice of violation, stop work order, or emergency order, or intentionally obstructs, impedes, or interferes with lawful attempts to correct a violation shall be guilty of a gross misdemeanor.

(Ord. 1640 § 1 (Exh. A), 2022)

8.60.070 Service of documents.

A. *Methods of Service.* For purposes of this chapter, service of documents related to code enforcement, such as correction notices, notices of civil violation, stop work orders, etc. (hereinafter “document”), shall be accomplished by one of the following methods; provided, that civil infractions shall be served as provided in Chapter [7.80](#) RCW and criminal misdemeanors and gross misdemeanors shall be served as provided by applicable law:

1. “Personal service” is accomplished by handing the document to the person subject to the document or leaving it at his or her last known dwelling house or usual place of abode with some person of suitable age

and discretion then residing therein or leaving it at his or her office or place of employment with a person in charge thereof. Personal service may also be accomplished by the hearing examiner or his or her assistant handing any order, ruling, decision, or other document to a person prior to, during, or after a hearing.

2. "Service by mail" is accomplished by sending the document by regular first-class mail to the last known address of the person subject to the document. The last known address shall be an address provided to the city by the person to whom the document is directed. If an address has not been provided to the city, the last known address shall be any of the following as they appear at the time the document is mailed: the address of the property where the violation is occurring, as reflected on the most recent equalized tax assessment roll of the county assessor or the taxpayer address appearing for the property on the official property tax information website for Kittitas County; the address appearing in any database used for the payment of utilities for the property at which the violations are occurring; or the address of the person to whom the documents are being sent that appears in the Washington State Department of Licensing database.
3. "Service by posting" is accomplished by affixing a copy of the document in a conspicuous place on the subject property or structure, or as near to the affected property or structure as feasible, with at least one copy of such document placed at an entryway to the property or structure if an entryway exists.
4. "Service by publication" is accomplished by publishing the document as set forth in RCW [4.28.100](#) and [4.28.110](#), as currently enacted or hereafter amended.

B. *Service – When Complete.* If service is accomplished by personal service, service shall be deemed complete immediately. If service is accomplished by mail, service shall be deemed complete upon the third day following which the document is placed in the mail, unless the third day falls on a Saturday, Sunday, or legal holiday, in which event service shall be deemed complete on the first day other than a Saturday, Sunday, or legal holiday following the third day. If service is accomplished by posting, service shall be deemed complete upon the fourteenth day following the day upon which the document is posted. If service is accomplished by publication, service shall be deemed complete upon the final publication of the document as set forth in RCW [4.28.110](#).

C. *Proof of Service – Due Diligence.* Proof of service shall be made by written affidavit or declaration under penalty of perjury executed by the person effecting the service, declaring the time and date of service and the manner by which service was made. If service was made solely by posting or publication, the proof of service shall include a statement as to what steps were used in attempting to serve personally and by mail the person at whom service of the document is directed. If service was made by posting, a photograph of the posting may be taken and retained by the city as documentation.

D. *Additional Proof of Service Not Necessary.* No additional proof of service beyond the requirements in this chapter shall be required by the hearing examiner or other entity. Any failure of the person to whom a document is directed to observe a document served by posting or publication shall not invalidate service made in compliance with this section, nor shall it invalidate the document.

(Ord. 1640 § 1 (Exh. A), 2022)

8.60.080 Violations.

- A. The violation of any regulation shall be unlawful. Violations may be enforced by issuing notices of violation and, if necessary, by filing civil infractions. In addition, any violation of this code shall constitute a misdemeanor, unless otherwise designated as a gross misdemeanor, and the city shall have discretionary authority to enforce a violation as either a civil infraction or civil violation pursuant to this chapter or as a criminal misdemeanor punishable by imprisonment in jail for a maximum term fixed by the court of not more than ninety days or by a fine in an amount fixed by the court of not more than one thousand dollars or by both such imprisonment and fine. A gross misdemeanor is punishable by a fine of not more than five thousand dollars or by imprisonment for not more than twelve months or by both such fine and imprisonment.
- B. Each day during any portion of which a violation of this code occurs or continues is a separate offense.
- C. Civil enforcement of the provisions of this code or the terms and conditions of any permit or approval issued pursuant to this code shall be governed by this chapter unless other more specific provisions apply.
- D. Code enforcement officers are authorized to enforce the code using the provisions and procedures of this chapter; provided, however, that enforcement under this chapter is in addition to, and does not preclude or limit, any other forms of enforcement available to the city, including, but not limited to, criminal proceedings or sanctions, nuisance and injunction actions, rights to file and enforce liens, or other civil or equitable actions to abate, discontinue, correct, or discourage unlawful acts in violation of this code.
- E. Nothing in this chapter or in other chapters of the Cle Elum Municipal Code shall prevent code enforcement officers or any other officers of the city of Cle Elum or other governmental unit from taking any other action, summary or otherwise, necessary to eliminate or minimize an imminent danger to the health or safety of any person or property. The city's costs of abating any such nuisance or endangerment summarily or otherwise abated shall be recoverable under this chapter, as well as in the same manner and to the same extent as costs of abating nuisances or endangerment under any other provisions of this code, in addition to or as an alternative to any other rights or remedies the city may possess.

(Ord. 1640 § 1 (Exh. A), 2022)

8.60.090 Infractions.

- A. When the city determines that it is appropriate to enforce violations of this code as civil infractions rather than civil or criminal violations as otherwise provided in this chapter, or if the city is unable to obtain payment of civil fines pursuant to a notice of civil violation, enforcement officers shall file such infractions in Kittitas district court and shall follow the provisions of Chapter [7.80](#) RCW. First offenses shall be Class 2 civil infractions, for which the maximum penalty and the default amount shall be one hundred twenty-five dollars, and second or subsequent violations shall be Class 1 civil infractions, for which the maximum penalty and the default amount shall be two hundred fifty dollars, not including fees, costs, and assessments.

B. Chapter [7.80](#) RCW is hereby adopted by reference to the extent that it is not inconsistent with explicit provisions of the Cle Elum Municipal Code, including this section.

(Ord. 1640 § 1 (Exh. A), 2022)

8.60.100 Voluntary correction.

A. *General.* When the city determines that a violation has occurred, a code enforcement officer may attempt to secure the voluntary correction of a violation by attempting to contact the person responsible for the violation, explaining the violation, and requesting correction. This may be done orally and/or in writing. The city may also enter into a written voluntary correction agreement with any person causing, allowing, or participating in the violation, including the property owner. A voluntary correction agreement may be instead of, in lieu of, or in conjunction with a notice of violation. Voluntary correction efforts need not be made where the nature of the violation creates a risk of imminent harm to public health or safety or where it is a repeat violation.

B. *Contents of Written Voluntary Correction Agreement.* A voluntary correction agreement is a contract between the city and the person responsible for the violation, in which the responsible person agrees to abate the violation within a specified time and according to specified conditions. A voluntary correction agreement will generally contain the following information:

1. The name and address of a person responsible for the violation;
2. The street address or description sufficient for identification of the building, structure, premises, or land upon or within which the violation has occurred or is occurring;
3. A description of the violation and a reference to the code provisions that have been violated;
4. A statement indicating what corrective actions are required and a correction deadline stating the date by which the corrective actions must be completed to the satisfaction of the code enforcement officer in order for the violator to avoid the issuance of a notice of violation;
5. An agreement by the person responsible for the violation that the city may inspect the premises as may be necessary to determine compliance with the voluntary correction agreement;
6. An agreement by the person responsible for the violation and/or the owner(s) of property on which the violation has occurred or is occurring that, if the terms of the voluntary correction agreement are not met, the city may enter the property, abate the violation, and recover its costs and expenses as provided in this chapter;
7. An agreement that by entering into the voluntary correction agreement, the person responsible for the violation waives the right to a hearing before the hearing examiner under this chapter regarding the violation, any penalty, and/or required corrective action; and

8. A statement indicating that, pursuant to CEMC Section [8.60.120](#), a notice of civil violation may be issued with each violation constituting a separate offense subject to civil penalties, or, alternatively, civil infraction or criminal charges may be filed.

C. *Extension of Voluntary Correction Period or Modification of Required Actions.* An extension of the deadline for voluntary correction, or a modification of any required corrective action, may be granted by the code enforcement officer if the person responsible for the violation has, in the opinion of the code enforcement officer, shown due diligence or made substantial progress in correcting the violation, but unforeseen circumstances have rendered correction unattainable within the original deadline.

D. *Revocation of Deadline for Compliance.* The original deadline for compliance, or any extension for compliance previously granted by the code enforcement officer, may be revoked and immediate compliance required where, in the opinion of the code enforcement officer, circumstances make immediate correction necessary to avoid an imminent risk of injury to persons or property.

E. *Failure to Comply with Voluntary Correction Agreement.*

1. *Abatement by the City.* In addition to any other remedy provided for in this chapter, the city may abate the violation in accordance with CEMC Section [8.60.210](#) if the terms of the voluntary correction agreement are not met.

2. *Penalties and Costs.* If the terms of the voluntary correction agreement are not met, the person responsible for the violation may be issued a notice of civil violation and assessed a monetary penalty in accordance with CEMC Section [8.60.120](#), plus all costs and expenses of abatement. Alternatively, the city may file a civil infraction or criminal charges.

(Ord. 1640 § 1 (Exh. A), 2022)

8.60.110 Stop work order.

A. *Issuance.* Whenever a code enforcement officer determines that any work, use, activity, or conduct is a violation under the Cle Elum Municipal Code and creates an imminent threat of injury to the health, safety, or welfare of any member of the public or will damage or injure, or exacerbate damage or injury already caused to, any property, the code enforcement officer may issue a stop work order directing any person causing, allowing, or participating in the offending conduct to cease such use, activity, or conduct immediately.

B. *Service of Order.* Service of the stop work order shall generally be accomplished as set forth in CEMC Section [8.60.070\(A\)\(3\)](#).

C. The stop work order shall state the reasons for the order and may be appended to, or incorporate by reference, a notice of violation. The stop work order shall take effect immediately upon service and may be appealed under the procedures set forth in this chapter. During any such appeal, the stop work order shall remain in effect.

D. *Effect of a Stop Work Order.* When a stop work order has been issued, posted, and/or served pursuant to this section, it is unlawful for any person to whom the order is directed or any person with actual or constructive knowledge of the order to conduct the activity or perform the work covered by the order, even if the order has been appealed, until the code enforcement officer has removed the copy of the order, if posted, and issued written authorization for the activity or work to be resumed. In addition, a monetary penalty shall accrue for each day or portion thereof that a violation of a stop work order occurs, in the same amounts as under CEMC Section [8.60.120](#). In addition to such criminal or monetary penalties, the city may enforce a stop work order pursuant to any other provision of this chapter and enforce it in superior court.

E. *Removal of a Stop Work Order.* When a stop work order has been posted in conformity with the requirements of this chapter, removal of such order without the authorization of the city, or the hearing examiner if the matter has been heard by the hearing examiner, is unlawful and a violation.

(Ord. 1640 § 1 (Exh. A), 2022)

8.60.120 Notice of civil violation.

A. *Issuance of Notice of Violation.* When the city determines that a violation has occurred or is occurring, the code enforcement officer may issue a notice of civil violation to any person responsible for the violation.

B. *Monetary Penalty.* A monetary penalty shall accrue for each day or portion thereof that each violation continues beyond the date set in a notice of civil violation or any hearing examiner's decision. Unless a different penalty amount for a given violation is expressly authorized or required by a more specific city code provision, the maximum penalty and the default amount shall be one hundred twenty-five dollars for the first violation and two hundred fifty dollars for a second or subsequent violation of the same nature or a continuing violation past a deadline set by a notice of violation, not including fees, costs, and assessments. The city may waive the monetary penalty if corrective action is completed by the date specified in the notice of civil violation or a voluntary correction agreement. The city shall have the discretion to impose penalties in an amount lower than those shown above.

C. *Contents of Notice.* The notice of civil violation shall include the following:

1. The name and address of a person responsible for the violation;
2. The street address or description sufficient for identification of the building, structure, premises, or land upon or within which the violation has occurred or is occurring;
3. A description of the violation and a reference to the provision violated and a description of what must be done to correct the violation;
4. A statement indicating that the violator must respond to the notice of civil violation within fourteen days of the date of issuance, or within such other time period as specified in the notice of civil violation, by doing one of the following:

- a. Paying any fine and correcting the violation;
- b. Entering into and complying with a voluntary correction agreement with the city;
- c. Requesting a mitigation hearing and correcting the violation; or
- d. Requesting a hearing to contest the violation;

5. A statement indicating that failure to respond to the notice of violation, or failure to attend any hearing, shall result in the violation being deemed committed without requiring further action by the city, and that the monetary penalty specified in the notice shall be due to the city by the violator and further accrue as provided; and

6. A statement indicating that payment of a monetary penalty does not relieve the person or entity named in the notice of civil violation of the duty to abate the violation, and that failure to abate may result in the issuance of additional notices of violation and/or criminal charges, with additional civil and/or criminal penalties, including the payment of costs for any abatement action taken by the city.

D. *Extension.* Upon written request received prior to the correction date or time, the code enforcement officer may extend the date set for correction for good cause or in order to accommodate a voluntary correction agreement. The code enforcement officer may consider substantial completion of the necessary correction or unforeseeable circumstances which render completion impossible by the date established as a good cause.

E. *Transfer of Ownership.* It shall be unlawful for the owner of any dwelling unit or structure who has received a notice of civil violation to sell, transfer, mortgage, lease, or otherwise dispose of such dwelling unit or structure to another until the provisions of the compliance order or notice of civil violation have been complied with, or until such owner shall first furnish the grantee, transferee, mortgagee, or lessee a true copy of any compliance order or notice of civil violation issued by the code enforcement officer and shall furnish to the code enforcement officer a signed and notarized statement from the grantee, transferee, mortgagee, or lessee, acknowledging the receipt of such compliance order or notice of civil violation and fully accepting the responsibility without condition for making the corrections or repairs required by such compliance order or notice of violation. This provision shall not apply to the following types of transfers of real property: a gift or other transfer to a parent, spouse, domestic partner, or child of a transferor or child of any parent, spouse, or domestic partner of a transferor; a transfer between spouses or between domestic partners in connection with a marital dissolution or dissolution of a state registered domestic partnership; a transfer made by the personal representative of the estate of the decedent or by a trustee in bankruptcy; and a tax deferred exchange to an intermediary or facilitator.

(Ord. 1640 § 1 (Exh. A), 2022)

8.60.130 Response to notice of civil violation.

A. *Generally.* A person who has been served with a notice of civil violation must respond to the notice within fourteen days of the date the notice is served or within such other time period as specified in the notice of civil violation. A person may respond to the notice of civil violation by:

1. Paying the amount of the monetary penalty as set forth in the notice of violation. Partial payment or payment using a check that is rejected for insufficient funds shall not be deemed payment under this subsection. Payment of the fine shall not relieve the person or entity responsible for the violation from the duty to correct or abate the violation. Additional notices of violation may be issued if the violation goes uncorrected;
2. Entering into a voluntary correction agreement with the city;
3. Contesting the notice of civil violation by requesting a contested hearing in writing and sending the request to the city as described in subsection (B) of this section; or
4. Seeking to mitigate the monetary penalty by requesting a mitigation hearing to explain the circumstances surrounding the violation. The request to mitigate must be made in writing and sent to the city with a one-hundred-dollar filing fee as described in subsection (B) of this section. Requesting to mitigate the penalty shall not relieve the person responsible for the violation from the duty to correct or abate the violation. Additional notices of violation may be issued if the violation goes uncorrected.

B. *Method of Response.* The person or entity to whom a notice of civil violation has been issued may respond by mailing or hand-delivering the response to the city clerk. Mailed responses must be received no later than the fourteenth day from the date of service of the notice of violation or such other day as specified in the notice of violation. Hand-delivered responses must be brought to the city clerk no later than four thirty p.m. on the fourteenth day after service or such other day as specified in the notice of violation; provided, that where the fourteenth or other specified day falls on a weekend or holiday, the deadline shall be extended to the next regular business day. Telephone, facsimile, or email responses shall not satisfy the requirements of this section. The response deadline may be stayed for a time certain by the code enforcement officer if the responsible person or entity is engaged in active discussions with the code enforcement officer and the code enforcement officer determines there is a reasonable probability that such discussions may result in compliance.

C. If the person to whom the notice of civil violation is issued fails to respond as required in the notice of civil violation and this chapter, the violation(s) shall be deemed committed without requiring further action by the city or the city's hearing examiner, and the person to whom the notice of civil violation was issued shall owe the monetary penalty indicated.

(Ord. 1640 § 1 (Exh. A), 2022)

8.60.140 Scheduling of hearing to contest or mitigate – Correction prior to hearing.

A. *Notice and Scheduling of Hearing.* Upon the timely filing of a request for a hearing to contest a violation or to mitigate the penalty, the matter shall be scheduled to be heard at the next available appearance by the hearing examiner that is a minimum of fourteen but no later than sixty calendar days after the date the request was received by the city. Notice of the hearing date and time shall be served by regular first-class mail to the address of

the party who requested the hearing. The date and time for any hearing may be rescheduled by the hearing examiner for good cause upon the motion of a party or the hearing examiner.

B. *Correction of Violation Prior to Hearing.* The hearing may be cancelled and the party requesting the hearing need not appear if, at least two business days prior to the scheduled hearing, the code enforcement officer determines that the violation has been satisfactorily corrected or abated and the monetary penalty paid in full. Where the scheduled hearing involves a repeat violation as defined in this chapter, the hearing shall not be cancelled unless the new violation has been corrected or abated to the satisfaction of the code enforcement officer and the monetary penalty and costs for the new violation(s) and any monetary penalty and costs owing for the previous violation(s) have been paid in full.

(Ord. 1640 § 1 (Exh. A), 2022)

8.60.150 Contested hearing – Procedure.

The hearing examiner shall conduct a contested violation hearing when such hearing is properly and timely requested. The city and the person or entity to whom the notice of civil violation was issued may participate in the hearing, and each party or its legal representative may call witnesses and present evidence and rebuttal, subject to the following:

- A. Where not in conflict with a more specific provision of this chapter, hearings shall be conducted in accordance with CEMC Chapter [2.60](#);
- B. The city shall have the burden of proving by a preponderance of the evidence that a violation has occurred;
- C. The parties are responsible for securing the appearance of any witnesses they may wish to call. Neither the city nor the hearing examiner shall have the burden of securing any witnesses on behalf of the person who is contesting the violation(s) or seeking to mitigate the penalties;
- D. Formal rules of evidence shall not apply to any such hearing, and the hearing examiner shall allow hearsay testimony by the parties and not require proof of chain of custody for evidence that is presented; provided, that the hearing examiner shall determine the weight to be assigned to any evidence presented; and
- E. Any notes, reports, summaries, photographs, or other materials prepared by the parties shall be admitted into evidence if requested; provided, that the parties are free to argue the weight that should be assigned by the hearing examiner to any evidence submitted.

(Ord. 1640 § 1 (Exh. A), 2022)

8.60.160 Mitigation hearing – Procedure.

The hearing examiner shall conduct a hearing to mitigate the penalty on a violation when such hearing is properly and timely requested; provided, that in the event a person has requested a hearing to contest a violation and prior to the start of the hearing indicates to the hearing examiner a desire to mitigate rather than contest, the examiner shall permit the person to seek mitigation of the monetary penalty. The mitigation hearing shall be conducted according to the following general procedures:

- A. The person responsible for the violation shall be given the opportunity to explain or provide evidence regarding the nature of the violation, why the violation exists, why the violation has not been abated or corrected, and any other information the hearing examiner determines is relevant; and
- B. The city shall be given the opportunity, at its discretion, to provide evidence of the nature of the violation, evidence to rebut assertions made by any party, and any other information or evidence the hearing examiner deems to be relevant.

(Ord. 1640 § 1 (Exh. A), 2022)

8.60.170 Decision of hearing examiner.

A. *Contents of Order.* Upon the conclusion of a hearing, the hearing examiner may issue an oral decision pending issuance of the written decision. If necessary, the hearing examiner may delay issuing the written order for up to ten business days following the hearing. In either event, the oral decision and written order shall contain findings and conclusions based on the record, which to the extent applicable includes the following information:

1. In mitigation hearings, a statement indicating that each alleged violation has been found committed, and in contested hearings, for each alleged violation of the city code, a statement indicating whether the violation has been found committed or not committed;
2. For violations found committed, the monetary penalties and costs being assessed pursuant to this chapter; provided, that where the person has requested to mitigate the monetary penalty, the hearing examiner may reduce the monetary penalty for each violation, but in no case shall the penalty be reduced to an amount less than one hundred dollars for each violation found committed;
3. For violations found committed, any required corrective actions and compliance dates;
4. For violations found committed, a finding that abatement of the violations by the city is authorized at the expense of the person responsible for the violations; and
5. A statement notifying the person responsible for the violation that he or she is subject to additional civil and/or criminal penalties if any violation that was the subject of the hearing has not been corrected or abated as required by the hearing examiner's order.

B. *Notice of Decision.* The hearing examiner may cause a copy of the decision and order to be served upon the parties at the close of the hearing. When the hearing examiner requires more time to prepare a written order, or when a party fails to appear after requesting a contested hearing, the hearing examiner shall cause a copy of the decision and order to be served on the parties by mailing a copy to each party's last known address no later than ten business days following the hearing.

(Ord. 1640 § 1 (Exh. A), 2022)

8.60.180 Failure to appear – Default order.

If the person who requests a hearing to contest a violation or mitigate the penalty then fails to appear at the scheduled hearing after having been given notice in the manner provided for by this chapter, the hearing examiner shall immediately issue a default order, which finds committed all the violations set forth in the notice of civil violation and which assesses a monetary penalty in the full amount indicated in the notice of violation. In addition, at the request of the city, the hearing examiner shall also impose upon the nonappearing party any costs to the city related to preparation for the hearing. The hearing examiner shall cause a copy of the decision to be served upon the nonappearing party by mailing a copy to the last known address of the nonappearing party within ten business days of the hearing. Upon the motion of a party, the hearing examiner may rescind a default judgment only upon a showing of good cause to do so and only if such motion has been brought within thirty calendar days of the date of the hearing at which the default judgment was ordered.

(Ord. 1640 § 1 (Exh. A), 2022)

8.60.190 Judicial review.

Judicial review of a decision by the hearing examiner relating to any ordinance regulating the improvement, development, modification, maintenance, or use of real property may be sought by any person aggrieved or adversely affected by the decision pursuant to the provisions of the Land Use Petition Act, Chapter [36.70C](#) RCW, if applicable, or other applicable authority, if any, if the petition or complaint seeking review is filed and served on all parties within twenty-one days of the date of the decision. For purposes of this section, "aggrieved or adversely affected" shall have the meaning set forth in RCW [36.70C.060\(2\)](#). Judicial review of all other decisions may only occur subject to the procedures of Chapter [7.16](#) RCW.

(Ord. 1640 § 1 (Exh. A), 2022)

8.60.200 Recovery of penalties and costs.

A. *Payment of Monetary Penalties and Costs.* Any monetary penalties or costs assessed pursuant to this chapter constitute a personal obligation of the person responsible for the violation. In addition, the monetary penalties or costs assessed pursuant to this chapter may be assessed against the property that is the subject of the

enforcement action. The city attorney is authorized to collect the monetary penalty or costs by use of appropriate legal remedies, the seeking or granting of which shall neither stay nor terminate the accrual of additional per diem monetary penalties so long as the violation continues. The city may incorporate any outstanding penalty or cost into an assessment lien if the city incurs costs of abating the violation. Any monetary penalty assessed must be paid in full to the city within thirty days from the date of service of an uncontested notice of civil violation or any order of the hearing examiner that assesses monetary penalties.

B. *Recovery of Costs.* The city shall bill its costs, including incidental expenses, of pursuing code compliance and/or of abating a violation to the person responsible for the violation and/or against the subject property. Such costs shall become due and payable thirty days after the date of the bill. The term "incidental expenses" shall include, but not be limited to, personnel costs, both direct and indirect, including attorneys' fees incurred by the city; costs incurred in documenting the violation; the actual expenses and costs to the city in the preparation of notices, specifications and contracts, and in inspecting the work; hauling, storage, and disposal expenses; the cost of any required printing and mailing; and interest. The city administrator or designee, or the hearing examiner, may in his or her discretion waive in whole or part the assessment of any costs upon a showing that abatement has occurred or is no longer necessary or that the costs would cause a significant financial hardship for the responsible party. Any challenge to the amount of the abatement costs must be made within fourteen days of issuance of the bill and shall be heard by the city administrator in an informal hearing. The city administrator shall make a written determination as to whether or not the city's costs were accurate and necessary for accomplishing the abatement.

C. *Use of Collection Agency.* Pursuant to Chapter [19.16](#) RCW, as currently enacted or hereafter amended, the city may, at its discretion, use a collection agency for the purposes of collecting penalties and costs assessed pursuant to this chapter. The collection agency may add fees or interest charges to the original amount assigned to collections as allowed by law. No debt may be assigned to a collection agency until at least thirty calendar days have elapsed from the time that the city attempts to notify the person responsible for the debt of the existence of the debt and that the debt may be assigned to a collection agency for collection if the debt is not paid. Notice of potential assignment to collections shall be made by regular first-class mail to the last known address of the person responsible for the violation; provided, that inability to ascertain a current mailing address shall not prohibit the debt from being assigned to collections.

D. *Assessment Lien.* If penalties or costs assessed against a property are not paid within thirty days, the city clerk shall certify to the county treasurer the confirmed amount for assessment on the tax rolls. The county treasurer shall enter the amount of such assessment upon the tax rolls against the property for the current year and the same shall become a part of the general taxes for that year to be collected at the same time and with interest at such rates as provided in RCW [84.56.020](#), as now or hereafter amended, for delinquent taxes, and when collected to be deposited to the credit of the general fund of the city. The lien shall be of equal rank with the state, county, and municipal taxes. The validity of any assessment made under the provisions of this chapter shall not be contested in any action or proceeding unless the same is commenced within fifteen calendar days after the assessment is placed upon the assessment roll. The city attorney may also file a lien for such costs against the real property.

E. *Continuing Duty to Abate Violations.* Payment of a monetary penalty or costs pursuant to this chapter does not relieve the person responsible for the violation of the duty to correct or abate the violation. Additional notices of violation may be issued and/or criminal charges filed for continuing failure to correct or abate a violation.

(Ord. 1640 § 1 (Exh. A), 2022)

8.60.210 Abatement.

A. *Abatement by City.* The city may perform the abatement required upon noncompliance with the terms of an unappealed notice of violation, a voluntary correction agreement, or a final order of the hearing examiner. The city may utilize city employees or a private contractor under city direction to accomplish the abatement. The city, its employees, and agents using lawful means are expressly authorized to enter upon the property of the violator for such purposes. Nothing in this chapter shall prohibit the city from pursuing abatement of a violation pursuant to any other laws of the state of Washington or the city.

B. *Summary Abatement.* Whenever any violation causes a condition the continued existence of which constitutes an immediate threat to the public health, safety, or welfare or to the environment, the city may summarily and without prior notice abate the condition. Notice of such abatement, including the reason for it, shall be given to the person responsible for the violation as soon as reasonably possible after the abatement. No right of action shall lie against the city or its agents, officers, or employees for actions reasonably taken to prevent or cure any such immediate threats, but neither shall the city be entitled to recover any costs incurred for summary abatement prior to the time that notice thereof is served on the person responsible for the violation as set forth in CEMC Section [8.60.070](#).

C. *Obstruction with Work Prohibited.* No person shall obstruct, impede, or interfere with the city, its employees or agents, or any person who owns or holds any interest or estate in any property in the performance of any necessary act preliminary or incidental to carrying out the requirements of a notice of violation, voluntary correction agreement, or order of the hearing examiner issued pursuant to this chapter.

(Ord. 1640 § 1 (Exh. A), 2022)

8.60.220 Right of entry.

A. When it is necessary to enforce the provisions of the Cle Elum Municipal Code, or when a code enforcement officer has reasonable cause to believe that there exists in a building or upon a premises a condition that is contrary to or in violation of this code, the code enforcement officer may enter the building or premises at reasonable times to inspect or to perform the duties imposed by this code; provided, that if such building or premises be occupied, that credentials be presented to the occupant and entry requested. If such building or premises be unoccupied, the code enforcement officer shall first make a reasonable effort to locate the owner or other person having charge or control of the building or premises and request entry. If entry is refused, the code enforcement officer shall have recourse to the remedies provided by law to secure entry.

- B. *Posted Property.* Where private property is posted with a “No Trespassing” sign and has a gate or chain on private property, or where private property is enclosed by a secured gate or chain (other than by a simple latching or closure device), a city employee shall not make entry beyond areas open to the public without the express permission of the property owner or resident or a court order. No employee shall be required to enter a posted or gated piece of property if the employee feels threatened, intimidated, or otherwise in fear of his or her personal safety.
- C. *Employee Identification.* City employees shall carry identification cards while on duty. Any employee, when legitimately requested by the public, shall show the requesting party his or her identification card.
- D. *Intimidation of Employees.* Threats, intimidation, or other violations of public peace directed against an employee engaged in lawful action upon private property are unlawful and may subject that person and the owner of the property, as applicable, to legal action.

IFC 2021 401.5 Making false report.

A person shall not give, signal or transmit a false alarm.

8.13.010 CMC Purpose. The purpose of this Chapter 8.13, is to treat false alarms separately from nuisances as defined and regulated in Chapter 8.12. False alarms not caused by attempted break-ins or fire occurring on building premises not only divert police from patrol and service duties, but cost the city thousands of dollars each year from officer time spent in investigating alarms. To recoup these costs, it is necessary for the city to recover its costs associated with these responses. It is a defense to any fee charged by the city that evidence existed of forced entry or an attempted break in. The owner and/or tenant responsible for use and occupancy of the premises shall report any such evidence to the city police department in a signed written report. (Ord. 1053 § 1, 1997)

The San Juan County Code is current through Ordinance 17-2025, passed November 4, 2025.

Does Your Code Take E-Bikes and E-Scooters Into Account?

June 24, 2025 by [Leah LaCivita](#)

Category: [Cycling and Walking](#)

Ah, summer in Washington State: wildflower hikes, cold lake swims, and, more recently, gliding around on an electric-powered bike or scooter (e-bike; e-scooter). Whether it is due to environmental considerations, a desire for exercise, or to simply get somewhere faster, many people turn to e-bikes and e-scooters.

Public access to e-bikes/e-scooters has been enabled by shared micromobility companies like Lime or Bird, which began offering rentable options as early as 2017. The National Association of City Transportation Officials (NACTO) reported people [took 133 million trips](#) on shared micromobility devices in the U.S. in 2023, a 20% increase from 2022.

Even if your local government not does contract with a company to offer an e-bike/e-scooter share program, odds are that individuals in your community have purchased their own devices (after all, [over 1 million e-bikes were sold in 2023 in the U.S](#)) and will be using them on your streets.

Despite their growing popularity, e-bikes/e-scooters do generate criticism, typically around haphazardly parked devices clogging sidewalks and the risks associated with devices that are heavier and faster than their traditional counterparts, making them more hazardous in the event of a collision. This blog looks at state laws regarding electric-assisted bikes and scooters, and how local governments have crafted their own policies to suit local needs.

Regulatory Background

Washington State law addresses e-scooters and e-bikes separately, regulating where these may be ridden, whether riders are required to wear helmets, and what authority localities have in regulating these devices locally.

E-scooters (referred to as 'motorized foot scooters') are addressed in [RCW 46.04.336](#), [RCW 46.20.500](#), and [RCW 46.61.715](#).

- [RCW 46.04.336](#) defines a motorized foot scooter as a device with handlebars and a floorboard, powered by an electric motor or internal combustion engine, with a maximum speed of 20 miles per hour (mph).
- [RCW 46.20.500](#) allows them to be used on a "roadway or bicycle lane."
- [RCW 46.61.715](#) authorizes local government to regulate the use of e-scooters, including those in shared programs, and to adopt/assess penalties for moving/parking violations involving them. The statute also authorizes local governments to levy "reasonable taxes and fees" on e-scooter share companies, and it requires these companies carry commercial general liability and automobile liability insurance.

[RCW 46.04.071](#) defines 'bicycle' to include human-powered bicycles and e-bikes identified in [RCW 46.04.169](#). The latter statute outlines three classes of e-bikes based on the highest speed a rider can achieve:

- Class 1: motor-assisted up to 20 miles per hour.
- Class 2: fully motored (no pedaling) but motor stops when the bicycle reaches 20 mph.
- Class 3: motor-assisted while pedaling up to 28 mph. Riders on class 3 e-bikes or e-scooters must be at least 16 years old ([RCW 46.20.500](#)).

[RCW 46.61.710](#) covers operation of both e-bikes and e-scooters, including where they can be ridden, as broadly outlined in the table below.

Device	Where it can be operated
Class 1 e-bike	Formal bike lanes, shared-use trails
Class 2 e-bike	Formal bike lanes, shared-use trails
Class 3 e-bike	<ul style="list-style-type: none"> Formal bike lanes May use sidewalks if there is no other safe alternative to travel or local code allows it
E-scooter	<ul style="list-style-type: none"> Formal bike lanes May use sidewalks if there is no other safe alternative to travel or local code allows it

This statute also prohibits all classes of e-bikes and e-scooters from being used on trails designated as non-motorized or that have a natural surface.

Notably, the state restrictions listed above do not preempt local preference. Localities are authorized to regulate the use of e-scooters — [RCW 46.61.715](#)(1) — and all classes of e-bikes — [RCW 46.61.710](#)(7) and (8) — including setting age restrictions, access to trails/sidewalks/parking, or use of helmets.

What to Consider

Many cities, towns, and counties throughout the state have adopted local codes that address the use of e-bikes/e-scooters. Some have adopted state restrictions, while others have implemented customized regulations. The most common areas of concern include parking, sidewalk and/or trail riding, and use of helmets.

Where can e-bikes/e-scooters be parked?

E-bikes/e-scooters are heavy and hard to maneuver. If one is left in the wrong area, for example, blocking access to critical infrastructure, it can be difficult for community members to remedy a problem. Instead, several local governments have opted for dedicated parking zones for electric-assisted

devices, which is especially helpful in areas where many are often left, such as transit plazas, stadiums, convention centers, or other major attractions.

In Seattle, bikes, e-bikes, and e-scooters can be parked in the [‘furniture zone’](#) (curb/landscape strip next to a sidewalk) or at any city bike rack.

Additionally, the city’s [Free-Floating Shared Micromobility Permit Requirements](#) (2025) specifies that the city may designate no parking zones for shared e-bikes/e-scooters, which the vendor (Lime) is required to implement using [geofencing technology](#). Several of these zones (as well as zones specifically marked for parking shared e-bikes/e-scooters) have been implemented along the popular Alki waterfront trail.

Most policies addressing rentable micromobility devices will also include how they must be parked (i.e., upright, not obstructing flow) and specify that vendors must relocate non-compliant devices within a set time period. In Seattle, e-bikes/e-scooters (as well as traditional bicycles) [cannot block](#) driveways, crosswalks, loading zones, accessible parking spaces, bus stops, or street corners. The city also encourages community members to report e-bike/e-scooter parking problems using the [Find It, Fix It mobile app](#).)

Localities should also consider adopting procedures for removing vehicles locked to public property that have been deemed to be abandoned or an obstruction. Here are examples:

- [Bellingham Municipal Code Sec. 11.48.150](#) — Allows for impoundment of bicycles constituting an obstruction.
- [Lake Stevens Municipal Code Sec. 7.36.120](#) — Allows for impoundment of bicycles, scooters, or “wheeled recreational device” left unclaimed for 60 days.

Where can e-bikes/e-scooters be used?

The rapid growth of micromobility companies, which sometimes deployed their fleets on city streets without first consulting with the local regulatory body, had many policymakers scrambling to update local codes.

While state law specifically prohibits class 3 e-bikes and e-scooters from using sidewalks ([RCW 46.61.710](#)), it does not address sidewalk use by class 1 and 2 e-bikes. Some local jurisdictions may have an ordinance banning bicycles from using sidewalks, which would extend to electric-assist bikes. If a local government does not have such a policy but would like to keep all

classes of e-bikes off sidewalks, existing policies used should be reviewed and updated.

Some local governments mirror regulations adopted in [RCW 46.61.710](#):

- [Tacoma Municipal Code Ch 11.06](#) — Prohibits class 3 e-bikes from sidewalks and/or multipurpose trails.
- [Seattle Municipal Code Sec 11.44.120](#) — Prohibits class 3 e-bikes and e-scooters from operating on sidewalks (unless no alternative is available).
- [Wenatchee Ch. 7.32](#) — Restricts e-scooters from all sidewalks (and bicycles from using sidewalks in the downtown business area).

Other local governments group e-bikes/e-scooters with similar devices and develop regulations targeting the group:

- [Bremerton Municipal Code Ch. 10.13](#) — *Motorized Wheeled Transportation Devices*. Prohibits their use in parks, public places, multipurpose trails, and streets with a posted speed limit of 25 mph. E-bikes/e-scooters are allowed on sidewalks only if operated under manual power.
- [Spokane Valley Municipal Code Ch 9.20](#) — *Motorized Personal Transportation Devices*. Prohibits their use in parks, sidewalks, multipurpose trails, and streets with posted speed limit of 25 mph (except in the designated bike lane).
- [Vancouver Municipal Code Sec. 8.06](#) — *Skateboards, Roller Skates, Coasters, In-Line Skates, Motorized Foot Scooters, and Similar Devices*. No device may be ridden in a public plaza or city/county-owned or leased parking structure, and specifically prohibits e-scooter use on sidewalks, bike lanes, or city-owned multipurpose trails.

Electric-assisted devices are frequently prohibited from local public parks (and the trails available in them), including in [Everett](#) and [Pierce County](#) parks. Others have allowed their use but with restrictions. For example, Bellingham updated its codes in 2021, allowing e-bike/e-scooter use in public parks and on city-owned multipurpose trails — see [Bellingham Municipal Code \(BMC\) Sec. 8.040.060](#) — and setting a 15-mph speed limit on park roads for all non-motorized *and* motorized vehicles (see [BMC Sec. 8.04.050](#)).

Geofencing and shared micromobility programs

Other than outright restrictions, local governments can also work with shared micromobility companies to restrict or manage e-bikes/e-scooters in certain areas using geofencing. Geofencing uses the Global Positioning System (GPS) to create a virtual geographic boundary to, for example, restrict e-bike or e-scooter access, set a reduced speed limit within the boundary, or designate it as a parking area.

Under Spokane's [WheelShare](#) program, shared e-bikes/e-scooters may access multipurpose trails in the city, such as those through Riverfront Park or the Centennial Trail, but only at reduced speed limits. The GPS recognizes when a device is being operated in an area with a designated speed limit and automatically adjusts the speed. Seattle employs this technology to both [identify low-speed zones and approved parking areas](#).

Note: Privately owned e-bikes and e-scooters will not respond to this technology.

Should riders wear helmets?

Washington State law does not require it, but many local governments have laws requiring riders to wear helmets, including [Aberdeen](#), [Washougal](#), [Lakewood](#), [Port Orchard](#), [Lynnwood](#), and [Snoqualmie](#), to name a few. Some may encourage such usage, but do not require it; for example, see [Tacoma Municipal Code Sec. 11.30.010](#).

Shared micromobility companies recommend use of helmets, and occasionally offer free ones through local partners (for example, [Seattle](#)), but they do not supply them as part of the rental experience.

Conclusion

While state-based regulations regarding electric-assist bicycles and scooters are available for local agencies to consider, there may be good reasons to develop more tailored local codes, especially for those communities in which shared micromobility companies operate.

A. Definitions. In construing the provisions of this chapter, unless the context clearly requires otherwise, the definitions in SMC 6.04.020 shall apply. In addition, the following definitions shall apply to each reference to the following words or phrases:

1. "Director" means the police chief of the city in which the dog resides or is kept, or the police chief's designee.
2. "Exhaustion of the appeal process" means that the owner has declined and/or failed to appeal the matter further or has exhausted all appeal options.
3. "Metro" means Metro Animal Services.
4. "Municipal court" means the court or hearing examiner designated, by the city in which the dog resides or is kept, to handle appeals of dangerous dog and potentially dangerous dog declarations.
5. "Premises" means the registered owner's current address that has been inspected and approved by Metro.

Except where otherwise plainly declared or clearly apparent from the context, words used in this chapter shall be given their common and ordinary meaning.

B. Calculating Deadlines. If the deadline to comply with any requirement of this chapter falls on a day that Metro Animal Services is closed, the deadline shall be extended to the next day that Metro Animal Services is open to the public.

C. All notices, declarations, and final determinations required to be served on an owner shall be served in one of the following methods:

1. Certified mail, return receipt requested, and regular mail to owner's last known address; or
2. Personally; or
3. If the owner cannot be located after diligent attempts to serve the owner by one of the first two methods, by posting the declaration in a conspicuous place at the owner's last known address.

When service is accomplished by mail pursuant to subsection (C)(1) of this section, service shall be considered complete on the third day after the item is postmarked.

D. This chapter does not apply to dogs used by law enforcement officials for police work. (Ord. 2676 § 1 (part), 2019)

6.10.020 Declaring dog as potentially dangerous.

A. Metro may find and declare a dog potentially dangerous if any animal control officer has probable cause to believe that the dog falls within the definitions set forth in SMC 6.04.020(U) and the exclusions contained in this section do not apply.

1. The written finding must be based upon:

- a. The written complaint of a citizen who is willing to testify that the dog has acted in a manner which causes it to fall within the definition of SMC 6.04.020(U); or
- b. Dog bite reports filed with the Metro; or
- c. Actions of the dog witnessed by any animal control officer or law enforcement officer; or
- d. Other substantial evidence.

2. Exclusions. A dog may not be declared potentially dangerous if Metro determines, by a preponderance of the evidence, that the threat, injury, or bite alleged to have been committed by the dog was sustained by a person who was at the time committing a willful trespass or other tort upon the premises occupied by the owner of the dog, or who was tormenting, abusing, or assaulting the animal, or who has been in the past observed or reported to have tormented, abused, or assaulted the dog, or who was committing or attempting to commit a crime.

B. Notice to Declare. If any animal control officer determines there is probable cause to declare a dog potentially dangerous, Metro must provide the dog owner with notice that the dog will be declared potentially dangerous. Fifteen days after the notice is served, unless such notice is otherwise rescinded by Metro or the director, the dog will be deemed potentially dangerous pursuant to this chapter.

1. Contents of Notice. The notice shall be in writing and shall state the statutory basis for the declaration, the reasons Metro considers the dog potentially dangerous, a statement that the dog is subject to permitting and other restrictions required by this chapter, including a recitation of the restrictions and requirements in SMC 6.10.040 (permitting), 6.10.080 (confinement), and 6.10.090 (notification), an explanation of the owner's rights, the proper procedure for appealing the declaration, and the opportunity to meet with the director and give reasons or information as to why the dog should not be declared potentially dangerous. The meeting must be requested by the owner and must take place within 15 days of service of the notice. The director has authority to extend the 15-day deadline for the meeting under extenuating circumstances.

2. Restrictions. Upon service of the notice, the dog shall at all times be confined pursuant to SMC 6.10.080. Furthermore, the owner must comply with all requirements set forth in SMC 6.10.090.

3. Meeting. If, within 15 days after service of the notice, the owner requests a meeting with the director, the director shall notify the owner of the date, time, and location for such meeting. During such meeting, the director will determine whether the owner has established good cause for the notice to be rescinded and will orally inform the owner of his or her decision at such time. Following the meeting, the director shall serve the owner with a written letter explaining the director's decision. If the director rescinds the notice, the dog will not be deemed potentially dangerous and no further action is required by the owner.

4. Effect of Notice. On the sixteenth day following service of the notice to declare, unless said notice is rescinded by Metro or the director, the dog shall be deemed potentially dangerous. (Ord. 2676 § 1 (part), 2019)

6.10.030 Appealing the declaration of potentially dangerous dog.

If the owner wishes to appeal the declaration of potentially dangerous dog:

A. The owner shall submit a written notice of appeal to the municipal court together with the applicable fee charged by the city in which the dog resides or is kept for dangerous dog appeals, and shall serve a copy of the same upon

Metro within 15 calendar days of the day the dog is deemed to be potentially dangerous pursuant to the notice to declare described in SMC 6.10.020(B).

B. On appeal before the municipal court, the burden shall be on the city to prove the declaration of potentially dangerous dog, as defined in SMC 6.04.020(U), is supported by a preponderance of the evidence. The municipal court shall set a hearing on the appeal with notice to all parties of the date, time, and location of the hearing.

C. The hearing before the municipal court is not subject to the evidentiary rules of the court system, but shall be guided by the concept of due process. Evidence, including hearsay evidence, is admissible if in the judgment of the court it is the kind of evidence upon which reasonably prudent persons are accustomed to rely upon in the conduct of their affairs. The court may exclude evidence that is irrelevant, unreliable, immaterial, or unduly repetitious.

D. The municipal court shall have the authority to make the following determination on appeal:

1. Rescind the declaration of potentially dangerous dog;
2. Uphold the declaration of potentially dangerous dog; or
3. Condition the declaration of potentially dangerous dog for a period not to exceed 12 months, at which time the municipal court shall conduct a review hearing to determine if sufficient evidence supports maintaining the declaration of potentially dangerous dog. During any period of conditional declaration, the owner shall obtain a potentially dangerous dog permit and comply with all provisions set forth in SMC 6.10.040 (permitting), 6.10.080 (confinement), and 6.10.090 (notification). The owner is responsible for requesting a review hearing at the end of the conditional declaration period. The conditional declaration shall remain in effect until it is revised or rescinded by the municipal court.

E. If the owner wishes to appeal the municipal court's decision, the appeal must be filed with the clerk of the Pierce County superior court, and a copy of the appeal served upon Metro, within 15 calendar days of the date of the municipal court's written decision.

F. While any appeal is pending, the provisions of SMC 6.10.080 and 6.10.090 shall apply. (Ord. 2676 § 1 (part), 2019)

6.10.040 Permits for potentially dangerous dogs.

A. It is unlawful for an owner to have a potentially dangerous dog in the city without a current permit issued under this section. Within 15 calendar days following either: (1) the expiration of the appeal deadline, if no appeal is filed, or (2) service of a decision affirming the declaration on appeal after exhaustion of the appeal process, the owner of a potentially dangerous dog shall obtain a permit from Metro.

B. Permit Submittals. Metro may issue a permit to the owner of a potentially dangerous dog if the owner completes the following:

1. Provides payment of the permit fee;
2. Provides proof that the dog has been microchipped (and microchip number is provided);
3. Provides a current, color, digital photograph (in electronic format) each of the front and the profile/side of the dog (minimum three inches by five inches in size) for identification purposes;
4. Provides proof of current rabies vaccination;
5. Provides proof of a policy of liability insurance, such as homeowner's insurance, issued by an insurer qualified under RCW Title 48 in the amount of at least \$100,000, insuring the owner for any personal injuries or property damage inflicted by the potentially dangerous dog; and
6. Demonstrates the following to Metro during an inspection of the premises:
 - a. The dog is confined in a proper enclosure as defined in SMC 6.04.020(CC);

- b. There is a conspicuously posted and clearly visible warning sign as defined in SMC 6.04.020(DD);
- c. The dog is wearing a current license tag; and
- d. Possession of a muzzle for the dog as defined in SMC 6.04.020(EE). The muzzle must be available at the time of inspection.

The inspection by Metro, and any reinspections that may be necessary, must be scheduled within 10 calendar days after the end of the 15-day appeal deadline, if no appeal is made, or service of a decision affirming the declaration on appeal after exhaustion of the appeal process, if an appeal is made. An owner who fails to pass inspection shall pay a \$50.00 reinspection fee per occurrence. Reinspection must occur during the prescribed 10-calendar-day period.

C. Permit Renewal. The owner of a potentially dangerous dog shall renew the potentially dangerous dog permit annually and within 30 days of the expiration of the permit. To renew the permit, the owner must provide the following to Metro:

1. Proof of current rabies vaccination;
2. A policy of liability insurance, such as homeowner's insurance, issued by an insurer qualified under RCW Title 48 in the amount of at least \$100,000, insuring the owner for any personal injuries and property damage inflicted by the potentially dangerous dog; and
3. Payment of the renewal fee. See SMC 6.04.030(B).

D. With no less than 48 hours' notice, Metro has the right to inspect the premises and ensure adherence to the requirements herein. (Ord. 2676 § 1 (part), 2019)

6.10.050 Declaring dog as dangerous.

A. Metro may find and declare a dog dangerous if any animal control officer has probable cause to believe that the dog falls within the definitions set forth in SMC 6.04.020(V) and the exclusions contained in this section do not apply. The written finding must be based upon:

1. The written complaint of a citizen who is willing to testify that the animal has acted in a manner which causes it to fall within the definition of SMC 6.04.020(V); or
2. Dog bite reports filed with Metro; or
3. Actions of the dog witnessed by any animal control officer or law enforcement officer; or
4. Other substantial evidence.

B. Exclusions. A dog shall not be declared dangerous if Metro determines, by a preponderance of the evidence, that the threat, injury, or bite alleged to have been committed by the dog was sustained by a person who was at the time committing a willful trespass or other tort upon the premises occupied by the owner of the dog, or who was tormenting, abusing, or assaulting the dog, or who has been in the past observed or reported to have tormented, abused, or assaulted the dog, or who was committing or attempting to commit a crime.

C. Notice to Declare. If any animal control officer determines there is probable cause to declare a dog dangerous, Metro must provide the dog owner with notice that the dog will be declared dangerous. Fifteen days after the notice is served, unless such notice is otherwise rescinded by Metro or the director, the dog will be deemed dangerous pursuant to this chapter.

1. Contents of Notice. The notice shall be in writing and shall state the statutory basis for the declaration, the reasons Metro considers the dog dangerous, a statement that the dog is subject to permitting and other restrictions required by this chapter, including a recitation of the restrictions in SMC 6.10.070 (permitting), 6.10.080 (confinement), and 6.10.090 (notification), an explanation of the owner's rights, the proper procedure for appealing the declaration, and the opportunity to meet with the director and give reasons or information as

to why the dog should not be declared dangerous. The meeting must be requested by the owner and must take place within 15 days of service of the notice. The director has authority to extend the 15-day deadline for the meeting under extenuating circumstances.

2. Restrictions. Upon service of the notice, the dog shall at all times be confined pursuant to SMC 6.10.080. Furthermore, the owner must comply with all requirements set forth in SMC 6.10.090.

3. Meeting. If, within 15 days after service of the notice, the owner requests a meeting with the director, the director shall notify the owner of the date, time, and location for such meeting. During such meeting, the director will determine whether the owner has established good cause for the notice to be rescinded or amended from dangerous to potentially dangerous, and will orally inform the owner of its decision at such time. Following the meeting, the director shall serve the owner with a written letter explaining the director's decision. If the director rescinds the notice, the dog will not be deemed dangerous and no further action is required by the owner. If the director amends the notice to declare from dangerous to potentially dangerous, the same appeal period applies as if the notice to declare had not been amended.

4. Effect of Notice. On the sixteenth day following service of the notice to declare, unless said notice is rescinded or amended by Metro or the director, the dog shall be deemed dangerous. (Ord. 2676 § 1 (part), 2019)

6.10.060 Appealing the declaration of dangerous dog.

If the owner wishes to appeal the declaration of dangerous dog:

A. The owner shall submit a written notice of appeal to the municipal court together with the applicable fee charged by the city in which the dog resides or is kept for dangerous dog appeals, and shall serve a copy of the same upon Metro within 15 calendar days of the day the dog is deemed to be dangerous pursuant to the notice described in SMC 6.10.050(C).

B. On appeal before the municipal court, the burden shall be on the city to prove the declaration of dangerous dog, as defined in SMC 6.04.020(V), is supported by a preponderance of the evidence. The municipal court shall set a hearing on the appeal with notice to all parties of the date, time, and location of the hearing.

C. The hearing before the municipal court is not subject to the evidentiary rules of the court system, but shall be guided by the concept of due process. Evidence, including hearsay evidence, is admissible if in the judgment of the court it is the kind of evidence upon which reasonably prudent persons are accustomed to rely upon in the conduct of their affairs. The court may exclude evidence that is irrelevant, unreliable, immaterial, or unduly repetitious.

D. The municipal court shall have the authority to make the following determination on appeal:

1. Rescind the declaration of dangerous dog;

2. Uphold the declaration of dangerous dog; or

3. Condition the declaration of dangerous dog for a period not to exceed 12 months, at which time the Sumner municipal court shall conduct a review hearing to determine if sufficient evidence supports maintaining the declaration of dangerous dog. During any period of conditional declaration, the owner shall obtain a dangerous dog permit and comply with all provisions set forth in SMC 6.10.070 (permitting), 6.10.080 (confinement), and 6.10.090 (notification). The owner is responsible for requesting a review hearing at the end of the conditional declaration period. The conditional declaration shall remain in effect until it is revised or rescinded by the municipal court.

E. If the owner wishes to appeal the municipal court's decision, the appeal must be filed with the clerk of the Pierce County superior court, and a copy of the appeal served upon Metro, within 15 calendar days of the date of the municipal court's written decision.

F. While any appeal is pending, the provisions of SMC 6.10.080 and 6.10.090 shall apply. (Ord. 2676 § 1 (part), 2019)

6.10.070 Permits for dangerous dogs.

A. It is unlawful for an owner to have a dangerous dog in the city without a current permit issued under this section. Within 15 calendar days following either (1) the expiration of the appeal deadline, if no appeal is filed, or (2) service of a decision affirming the declaration on appeal after exhaustion of the appeal process, the owner of a dangerous dog shall obtain a permit from Metro.

B. Permit Submittals. Metro may issue a permit to the owner of a dangerous dog if the owner completes the following:

1. Provides payment of the permit fee;
2. Provides proof that the dog has been microchipped (and microchip number provided);
3. Provides a current, color, digital photograph (in electronic format) each of the front and the profile/side of the dog (minimum three inches by five inches in size) for identification purposes;
4. Provides proof of current rabies vaccination;
5. Provides proof of a policy of liability insurance (such as homeowner's insurance) issued by an insurer qualified under RCW Title 48 in the amount of at least \$500,000, insuring the owner for any personal injuries and property damage inflicted by the dangerous animal;

 - d. Possession of a muzzle for the dog as defined in SMC 6.04.020(EF). The muzzle must be available at the time of inspection.

The inspection by Metro, and any reinspections, must be scheduled within 10 calendar days after the end of the 15-day appeal deadline, if no appeal is made, or service of a decision affirming the declaration on appeal after exhaustion of the appeal process, if an appeal is made. An owner who fails to pass inspection will be subject to a \$50.00 reinspection fee per occurrence. Reinspection must occur during the prescribed 10-calendar-day period.

C. Permit Renewal. The owner of a dangerous dog shall renew the dangerous dog permit annually and no later than 30 days of the expiration of the permit. To renew the permit, the owner must provide the following to Metro:

1. Proof of a current rabies vaccination;
2. A policy of liability insurance, such as homeowner's insurance, issued by an insurer qualified under RCW Title 48 in the amount of at least \$500,000, insuring the owner for any potential injuries and property damage inflicted by the dangerous dog; and

6.10.080 Confinement of potentially dangerous or dangerous dog.

Every dangerous or potentially dangerous dog must at all times be confined and controlled as follows:

A. On the premises in a proper enclosure as defined in SMC 6.04.020(CC);

B. In an area completely enclosed by a fence of sufficient height, substance, and condition to prevent the escape of the dog while under the direct, in person, supervision of a person 18 years or older who is capable of preventing the escape of the dog from the fenced area; or

C. If beyond the premises, then securely leashed and humanely muzzled while under the direct supervision of a person 18 years or older who is capable of controlling the dog, and any other restrictions deemed necessary by Metro.

These restrictions apply while an appeal of the potentially dangerous dog declaration or dangerous dog declaration is pending. (Ord. 2676 § 1 (part), 2019)

6.10.090 Notification of status of potentially dangerous or dangerous dog.

A. The owner of a dog that has been declared potentially dangerous or dangerous dog shall immediately notify Metro when such dog:

1. Is loose or unconfined; or
2. Has bitten or otherwise injured a human being or attacked another animal or livestock; or
3. Is sold or given away or dies; or
4. Is permanently relocated to another address; or
5. Is temporarily moved to another address for longer than 30 days.

B. At least 48 hours prior to a potentially dangerous or dangerous dog being sold, moved or given away, the owner shall provide the name, address, and telephone number of the new owner to Metro. Prior to selling, moving, or giving the dog away, the owner shall also notify the new owner that the dog has been declared potentially dangerous or dangerous. The new owner shall comply with all of the requirements of this chapter.

These restrictions apply while an appeal of the potentially dangerous dog declaration or dangerous dog declaration is pending. (Ord. 2676 § 1 (part), 2019)

6.10.095 Potentially dangerous or dangerous dogs temporarily located within this jurisdiction.

Any dog that is declared dangerous or potentially dangerous by another jurisdiction shall, at all times that the dog is located within the city, comply with the confinement restrictions imposed by SMC 6.10.080, regardless of whether the dog resides in the city. (Ord. 2781 § 1 (Exh. A), 2021)

6.10.100 Relocating a potentially dangerous or dangerous dog from another jurisdiction.

Upon relocation to this city, any dog that is declared dangerous or potentially dangerous by another jurisdiction shall comply with all dangerous or potentially dangerous dog obligations imposed by this chapter as follows: (1) upon relocation to this city, the owner shall immediately comply with the confinement restrictions in SMC 6.10.080 and the notification requirements of SMC 6.10.090, and (2) within 15 working days, the owner shall obtain a dangerous or potentially dangerous dog permit from Metro. For purposes of this provision, a dog shall be considered to have relocated to this city when either: (1) the owner of the dog resides within the city, or (2) the dog has been physically present or kept in the city for more than 15 days. A dog shall be considered “kept in the city” for any particular day even when the dog is taken out of the city for a day trip or errand. (Ord. 2781 § 1 (Exh. A), 2021; Ord. 2676 § 1 (part), 2019)

6.10.110 Vacating a dangerous or potentially dangerous dog declaration.

A. Dogs Declared Dangerous or Potentially Dangerous by Metro. Three years after a dog has been declared potentially dangerous or dangerous, the owner may request that Metro vacate the declaration by serving such a request to Metro along with the applicable fee charged by the city in which the dog resides or is kept. A vacancy shall not be considered unless the dog has been in compliance and has no violations of the restrictions and permitting requirements imposed as a result of the declaration for a minimum of three years. Upon receipt of a request to vacate a declaration, Metro shall provide the request to the director for consideration. The director may vacate the declaration if it determines that the declaration is no longer appropriate as a result of a change in the dog’s behavior due to age, health, training, and/or other factors. It is the owner’s burden to provide information to Metro in

support of vacating the declaration. There shall be no appeal from Metro's decision in response to a request to vacate a declaration.

B. Dogs Declared Dangerous or Potentially Dangerous by Another Jurisdiction. For any dog that has been declared potentially dangerous or dangerous by another jurisdiction, three years after the dog has resided within the city, the owner may request that Metro waive the permit requirement and confinement restrictions by serving such a request to Metro along with the applicable fee charged by the city in which the dog resides or is kept. A waiver shall not be considered unless the dog has been in compliance and has no violations of the restrictions and permitting requirements imposed as a result of the declaration for a minimum of three years. Metro may waive any such dangerous dog or potentially dangerous dog restrictions or requirements if it determines that such restrictions or requirements are no longer appropriate as a result of a change in the dog's behavior due to age, health, training, and/or other factors. It is the owner's burden to provide information to Metro in support of waiving the restrictions and requirements. There shall be no appeal from Metro's decision in response to a waiver request under this section. (Ord. 2781 § 1 (Exh. A), 2021; Ord. 2676 § 1 (part), 2019)

6.10.120 Violations.

A. Criminal Penalties. It shall be unlawful for any person owning or harboring or having care of a potentially dangerous dog or dangerous dog to allow or permit such dog to be in violation of SMC 6.10.040(A) (permitting for potentially dangerous dogs), 6.10.070(A) (permitting for dangerous dogs), 6.10.080 (confinement), 6.10.090(B) (notification), and 6.10.100 (relocating). Any such person found to be in violation of these provisions shall, upon conviction thereof, be found guilty of a gross misdemeanor punishable by imprisonment in jail of no more than 364 days or by fine of not more than \$5,000, or both.

In addition and upon conviction, the court may order the seizure, impoundment, and/or forfeiture of any dog which is the subject of the criminal proceedings. Furthermore, any potentially dangerous or dangerous dog which attacks a human being, domestic animal, or livestock may be ordered destroyed when, in the court's judgment, such dog represents a continuing threat of serious harm to human beings or domestic animals. The court shall order any person convicted under this section to pay all costs of confinement, control, and/or destruction, including any necessary veterinary fees and the daily boarding fee outlined in SMC 6.04.030(B).

B. When Metro determines that a dog is in violation of any provision of this chapter, Metro is authorized to immediately seize and impound such dog. If, after notification to the owner regarding the violation, the owner fails to correct the violation within 15 days, Metro is authorized to destroy the dog.

Metro is authorized, but not required, to grant the owner an extension of time to correct the violation before destruction of the dog. The owner shall pay all costs of confinement and control, including any necessary veterinary fees and the daily boarding fee outlined in SMC 6.04.030(B), and all costs for the destruction of the dog. All costs must be paid before the dog may be redeemed by the owner.

C. In addition to the provisions of subsection (B) of this section, while an appeal is pending, Metro is authorized to immediately seize and impound the dog for the remainder of the appeal process when Metro determines that the dog is in violation of SMC 6.10.080 (confinement) or that the dog has inflicted a bite upon another animal or person. The owner shall pay all costs of confinement and control, including any necessary veterinary fees and the daily boarding fee outlined in SMC 6.04.030(B). All costs must be paid before the dog may be redeemed by the owner.

D. It shall be a Class 1 civil infraction, punishable by a fine not to exceed \$250.00 plus statutory assessments, for any person owning or harboring or having care of a potentially dangerous dog or dangerous dog to allow or permit such dog to be in violation of SMC 6.10.095. (Ord. 2781 § 1 (Exh. A), 2021; Ord. 2676 § 1 (part), 2019)

1. The exotic animal presents an imminent likelihood of serious physical harm to the public and there is no other reasonably available means of abatement. For the purposes hereof, if an exotic animal wanders or runs loose in the city, it shall be presumed that the exotic animal presents an imminent likelihood of serious physical harm to the public and there is no other reasonably available means of abatement; or

2. There is no reasonable basis to believe that the violation can be or in good faith will be corrected and after reasonable search or inquiry by the animal control authority no facility as authorized by local, state or federal law is available to house the exotic animal; or

3. The exotic animal suffers from a communicable disease injurious to other animals or human beings; provided, that this section shall not apply if the animal is under treatment by a licensed veterinarian and may reasonably be expected to recover without infecting other animals or human beings.

B. After an exotic animal has been impounded, as provided above, the animal control officer shall, as soon as feasible, notify the person who had possessed or maintained the exotic animal, if known, of the exigent circumstances deemed to exist that warranted the impoundment and euthanasia of the exotic animal. The person who had possessed or maintained the exotic animal or another person with an ownership interest in the exotic animal may appeal the determination to the director; provided, that the written appeal must be filed with the director within 10 days of the notice of impoundment referred to hereinabove. Failure to file a written appeal within the 10-day period will constitute a waiver of all rights to an administrative hearing and determination of the matter. Enforcement of any administrative decision shall be stayed during the pending of an appeal, except impoundment of any exotic animal. The director shall issue a written decision on an appeal within 10 days of the hearing. Any appeal from the director's decision must be filed in superior court within 30 days of the date of the director's written decision. (Ord. 2324 § 19 (part), 2010)

6.16.050 Registration approval process.

A. An owner who possesses or maintains an exotic animal on or before the effective date of the ordinance codified in this chapter may continue to possess or maintain such animal; provided, the owner registers said animal pursuant to the registration requirements of SMC 6.16.060 with the Sumner animal control authority within 30 calendar days of the effective date of the ordinance codified in this chapter.

B. As a condition of registration, the animal control officer may inspect the proposed premises and confinement device for the animal, which must meet the cage or confinement rules and regulations of the animal control authority. (Ord. 2324 § 19 (part), 2010)

6.16.060 Registration requirements for animals currently owned – Content.

For owners who currently possess or maintain exotic animals, a verified registration shall be filed by the owner with the animal control authority and shall contain the following information:

A. A legal or otherwise adequately precise description of the premises which applicant desires to use under the required registration;

B. Whether the applicant owns or rents the premises to be used;

C. If the applicant rents the premises, a written acknowledgement by the property owner that the applicant has the owner's permission to carry on the activity as described in the registration;

D. The extent of improvement upon such premises;

E. A map or diagram of such premises showing where the improvements are located thereon;

F. A statement indicating the species of exotic animal which the applicant currently possessed or maintained on or before the effective date of the ordinance codified in this chapter;

G. A statement indicating how the animal will be caged or otherwise confined, accompanied with a drawing detailing the dimensions of and the materials used for the cage or similar confinement; and such further information as may be required by rules and regulations of the animal control authority. (Ord. 2324 § 19 (part), 2010)

6.16.070 Registration – Issuance – Premises inspection.

If, upon review by the animal control authority, the animal control authority verifies that the owner/applicant is the owner, or if a tenant, has the written permission of the property owner as specified in SMC 6.16.060; and if all of the applicable rules and regulations of the animal control authority have been met, the animal control authority shall certify the exotic animal as properly registered and the owner is lawfully entitled to use the premises for the

possession or maintenance of the exotic animal(s) specified in such registration. Provided, however, that the animal control authority shall inspect the premises and confinement cage or other proposed confinement device to ensure all standards required for confining exotic animals as required by rule or regulation have been met. If, however, the cage or confinement device is deemed inadequate, the animal control authority may deny the registration. Where appropriate, the owner/applicant may be required to make such changes as necessary to meet the standards required before registration is approved. (Ord. 2324 § 19 (part), 2010)

6.16.080 Periodic inspection of premises.

The animal control authority or his/her designee may make routine, periodic inspections of an owner's premises and records in order to determine the number, kind, weight and condition of exotic animals possessed by the owner, and for purposes of enforcing the provisions of this chapter and the rules and regulations of the animal control authority. (Ord. 2324 § 19 (part), 2010)

6.16.090 Exotic animals – At large prohibited.

No person owning or having charge, custody, control, or possession of any exotic animal as defined in this title shall permit or allow the same to be at large at any place within the city, or within the premises of such person in such a manner as to endanger any person lawfully entering or upon such premises. Provided, this shall not apply to a person keeping or maintaining or having in his/her possession or under his/her control any exotic animal when such person is transporting such animal through the city; provided, such person has taken adequate measures to safeguard persons and property. (Ord. 2324 § 19 (part), 2010)

6.16.100 Chapter requirements.

A. Any exotic animal shall be kept in an approved containment device unless under the control of the owner of record or his/her designee.

B. Any exotic animal found outside the premises of record and not under the control of the owner or his/her designee will be impounded. If the conditions described in SMC 6.16.040 are not present, the exotic animal shall be released to the owner of record, if known, and prior to release to the owner of record, the owner shall pay the impound fee and the boarding fee as described in SMC 6.04.020. (Ord. 2324 § 19 (part), 2010)

6.16.110 Violation – Penalty.

Violation of any of the provisions of this chapter shall constitute a misdemeanor and may be punished by a fine not to exceed \$1,000 and/or by incarceration in jail not to exceed 90 days. (Ord. 2324 § 19 (part), 2010)

Chapter 6A.07 GRAFFITI

Sections:

6A.07.010 Graffiti deemed nuisance.

6A.07.020 Definitions.

6A.07.030 Repealed.

6A.07.035 Possession of graffiti materials prohibited.

6A.07.040 Graffiti (notice of removal).

6A.07.050 Appeal.

6A.07.060 Removal by city.

6A.07.010 Graffiti deemed nuisance.

(1) Graffiti and other defacement of public and private property, including but not limited to walls, rocks, bridges, buildings, fences, gates and other structures, trees, and other real and personal property within the city constitutes a nuisance.

(2) Although it is appropriate, where possible, to request that the courts require people who are convicted of acts of defacement and vandalism involving application of graffiti to public or private property to restore the property so defaced, damaged or destroyed, obtaining convictions for such acts is difficult because the offenses involved can be committed so very quickly and secretly that witnesses to the acts are frequently nonexistent.

(3) Although the public should be encouraged to cooperate in the elimination of graffiti by reporting the same to the proper authorities, and to remove the same from private property, it is also important to eliminate the presence of graffiti from the community so that the product of illegal acts of those involved in application of graffiti is not visible and the property on which the graffiti is located and surrounding properties do not suffer diminution of value. (Ord. 3063 § 1, 1994)

6A.07.020 Definitions.

(1) "Graffiti" means the defacing, damaging or destroying by spraying of paint or marring of ink, chalk, dye or other similar substances on public or private buildings, structures and places.

(2) "Graffiti abatement procedure" means the abatement procedure which identifies graffiti, issues notice to the landowner to abate the graffiti, and cures in absence of response.

(3) "Private contractor" means any person with whom the city shall have duly contracted to remove graffiti. (Ord. 3063 § 2, 1994)

6A.07.030 Graffiti prohibited.

Repealed by Ord. 2009-19. (Ord. 3063 § 3, 1994)

6A.07.035 Possession of graffiti materials prohibited.

(1) It shall be unlawful for any person to possess graffiti materials.

(2) A person possesses graffiti materials when they possess any paint, marking pen, glass-cutting tool, glass-etching tool, materials, instruments, or other article adapted, designed or commonly used for committing or facilitating the commission of an offense involving damaging, defacing, or destroying public or private property, and they possess the item under circumstances evincing an intent to use or employ, or allow the same to be used or employed, in the commission of such an offense, or under circumstances evincing an intent that some other person will use or employ the thing possessed in the commission of such offense.

(3) "Defacing" as used in subsection (2) of this section shall include, but not be limited to, the writing, painting, inscribing, drawing, scratching or scribbling upon any wall or surface owned, operated or maintained by any property owner or the city unless the city or the property owner grants written permission for such writing, painting, inscribing, drawing, scratching or scribbling.

(4) The unlawful possession of graffiti materials is a misdemeanor. (Ord. 2008-01 § 1)

6A.07.040 Graffiti (notice of removal).

(1) The police chief or his designated representative shall cause a notice to be served upon the owner(s) of the affected premises, as such owners' name and address appears on the last property tax assessment rolls of Chelan County, Washington. If there is no known address, the notice shall be sent in care of the property address. The notice required by this section may be served in any one of the following manners:

(a) By personal service on the owner.

(b) By registered or certified mail addressed to the owner at the last known address of said owner as set forth in the latest property tax assessment rolls of said owner. If this address is unknown, the notice will be sent to the property address.

(2) The notice shall be substantially in the following form:

NOTICE IS HEREBY GIVEN that you are required, by ordinance of the city of Wenatchee, at your own expense, to remove or paint over the graffiti located on the property commonly known as (address), Wenatchee, Washington, which is visible to public view, within 15 days after the date of this notice; or, if you fail to do so, the city requires the nuisance to be abated by removal or painting over of the graffiti. The cost of the abatement by the city or private contractors employed by the city to abate the nuisance will be assessed upon your property.

(Ord. 3063 § 4, 1994)

6A.07.050 Appeal.

(1) Within 10 days from the mailing or from personal service of the notice of intent to remove graffiti, the owner may appeal the matter to the city commission of the city of Wenatchee or their duly appointed hearing examiner by filing a written notice of appeal with the police chief. Filing of an appeal will stay, during the pendency of the appeal, any enforcement or actions by the city to abate the nuisance.

(2) Appeal Procedure. The city commission or hearing examiner, as the case may be, upon receipt of a notice of appeal, shall set a hearing date not less than 30 days from receipt of the notice of appeal, at which time the appellant may appear and present evidence seeking relief from the notice of removal.

The police chief, or his designated representative, may likewise present evidence at such appeal hearing.

(3) Following the hearing, the city commission or hearing examiner, as the case may be, shall render a written decision within 10 days. (Ord. 3063 § 5, 1994)

6A.07.060 Removal by city.

(1) Upon failure of persons to comply with the notice by the designated date, or such continued date thereafter as the police chief or his/her designated representative approves, then the police chief or representative is authorized and directed to cause the graffiti to be abated by city forces or by private contract. The city or its private contractor is expressly authorized to enter upon the premises for such purposes. All reasonable efforts to minimize damage from such entry shall be taken by the city, and any paint used to obliterate or cover graffiti shall be as close as practicable to background color(s). If the police chief provides for the removal of the graffiti, he/she shall not authorize nor undertake to provide for the painting or repair of any more extensive area than the area where the graffiti is located.

(2) Property owners in the city of Wenatchee may consent in advance to city entry onto private property for graffiti removal purposes. (Ord. 3063 § 6, 1994)

The Wenatchee City Code is current through Ordinance 2025-13, passed November 6, 2025.

The document is currently being addressed by legal, and the committee is awaiting their proposed changes.

The red notes highlight items that have been called out for review and legal consideration. During the discussion, Committee Member Harper inquired about how changes are made, noting that some decisions are made by the group while others must wait for legal's response.

Buechle-Curtis will follow up with legal regarding the anticipated timeline for their review and feedback.

c. Title 8 — Health & Safety

Committee Member Buechle-Curtis is reviewing the code to become familiar with it. Given the size of the code, priorities have been identified, including fireworks, junkyards, TV and radio antennas, and false alarms. The fireworks section appears to be in good shape overall, while other sections may need more attention.

Chief Albo shared information from Ellensburg regarding false alarm calls (see attached report). After reviewing the current code language, Chief Albo agreed that updates are needed, including clarification of the process and appeals process. He expressed that the entire code likely needs to be revamped, with false alarms identified as a priority.

Chief Albo recommended reviewing the code line by line, beginning with winter fireworks as the highest priority and then moving through the remainder of the code from top to bottom.

Chief Mills will develop criteria related to false alarms under Section 4.105 of the International Fire Code, which is the only applicable section currently used by the Fire Department. This information will be discussed during the upcoming study session. Chief Mills will email the criteria to the group and ensure it is included in the next meeting packet.

Public Works identified several items related to fireworks that they would like to review.

Committee Member Harper discussed New Year's Eve fireworks and suggested the possibility of creating specific guidelines for that date.

Chief Albo noted that fireworks continue to be used regardless of restrictions and suggested that allowing fireworks during a specific date and time could potentially deter illegal use outside those parameters and slightly reduce overall usage. He expressed interest in hearing Chief Mills' perspective on fireworks. Chief Albo also emphasized that fees and penalties should be significant due to the inherent danger involved.

Key discussion points included penalties, establishing specific dates and times, and regulating sales. A study session is proposed for February to further discuss these topics, with the Chief providing examples of what penalties could look like. It was noted that enhanced fines should apply when fireworks result in property damage. Additional discussion included reviewing the definition of fireworks. Chief Mills indicated he does not see major issues during New Year's Eve but may consider adding a couple of aid cars during that time.

Committee members will continue reviewing the code and provide their perspectives on priority areas. Buechle-Curtis will send out an email to schedule the study session.

Committee Member Williams joined the meeting in progress at 1:35 p.m.

Public Safety & Health Committee Agenda

CLE ELUM, WA 98922

The committee also discussed the importance of gauging council's overall sentiment on the matter.

d. E-Bike — Discussion

The next step for the committee is to move forward in a clear direction and work toward having a code in place. The focus would be more on where these devices are allowed to operate rather than on speed restrictions. For example, use would not be permitted on sidewalks or in areas with pedestrian traffic, with "rules of the road" applying where appropriate. There was also discussion about whether they would be allowed on trails, with a preference expressed for allowing trail use. It was noted that state restrictions on the John Wayne Trail need to be researched.

Committee Member Harper recommended gauging council's sentiment on the overall direction they would like to take before proceeding, and then establishing a clear path forward based on that input. This would involve having a discussion with the council to align expectations.

The Police Department reported that they have not experienced any issues to date.

The topic will be brought to Council for discussion to gather their thoughts and guidance.

4. New Business

a. Title 6 — Animals

Committee Member Harper introduced Title 6 (Animals) stating the previous Committee Members began reviewing the code line by line. During the discussion, the committee reached a point where it became clear that a different approach may be more effective. Rather than continuing incremental edits, the committee discussed reviewing another municipality's code and potentially rewriting the entire section. A sample code from Sumner was presented. It was noted that there are also strong components within the City of Cle Elum's existing code.

Harper encouraged the committee to review both codes to determine whether elements could be combined to create a revised version. Harper expressed support for using Sumner's code as the base document, with light edits to tailor it to the City of Cle Elum. Harper also requested that Jackie VonDongen be involved in the process, noting her extensive experience in this field. Buechle-Curtis agreed that Sumner's code provides greater clarity and a helpful level of detail.

Chief Mills arrived at 1:55 p.m.

The next step will be to work with Jackie VonDongen to identify portions of the Cle Elum code that are specific, important, and should be incorporated. It was proposed that Jackie

Committee Members will review the code and return with their proposed edits. The revised draft will then be presented to legal for review, followed by presentation to council for consideration and potential adoption.

The new meeting date and time will be the second Thursday at 9:00 a.m., beginning March 12.

The February regular meeting will remain on the 18th at 2:00 p.m.

3. New Business

a. Graffiti

In December, several instances of graffiti were reported, occurring on both public and private property. Chief Albo expressed support for a cleanup-focused approach rather than criminal enforcement. Graffiti that is on private property should fall under Code Enforcement rather than the Police Department. A new example code was presented to the committee that included possession of graffiti materials should be prohibited. The committee felt this should be removed. Overall, Chief Albo believes the proposed code is sound.

Discussion followed regarding enforcement authority and appeals. Clarification is needed from the city attorney. Questions were also raised about who would serve as the appeal

authority—whether the Public Safety Committee or another body. Language for appeals would mirror that used for leak adjustments, and eliminating the Hearing Examiner was recommended.

Timing for graffiti removal and appeals was also discussed. Maintaining a 10-day removal requirement, with the option to approve extensions upon request, was recommended. Mayor Lundh emphasized that quicker removal helps prevent repeat tagging, a point Chief Albo supported, suggesting language that clearly outlines the extension process when additional time is needed.

It was recommended that the code be placed in Title 8 under Nuisances, specifically Section 8.12, to align with related topics and the Revised Code of Washington (RCW) 9A.48.090.2C.

Committee Chair Buechle-Curtis will draft revisions, send them to legal for review, and the goal would be for council to review by the end of February.

Committee Member William joined the meeting in progress at 1:15 p.m.

b. [Consideration of a Fireworks Study Session](#)

The committee discussed whether to hold a fireworks study session. However, when this was presented to the council, they were not open to changes to the code. The committee members confirmed they were comfortable with the current code.

Mathew Bailey, Public Works Director, explained that while the code prohibits the use of fireworks, it allows for the sale of fireworks and includes safety provisions. The recent amendment addressed only the transportation of fireworks, which prompted the update. The committee decided no further changes to the code are needed.

4. Other Committee Comments

The committee thanked Chief Mills for the information regarding the volunteer firefighters.
