CITY OF CLE ELUM
Chief of Police

**AGENDA STAFF
REPORT**

AGENDA DATE: 09/18/26

ACTION REQUESTED: Direct the Chief of Police Which Flock Safety Renewal Quote the Council Approves and Direct Him to Sign Corresponding the Renewal Contract

BACKGROUND: Two years ago, CEPD received a grant to install Automatic License Plate Readers, the company we contracted with was Flock. The cameras take pictures of license plates that pass by the camera in order to help investigations.

Since the installation of the Flock cameras, there have been legislative and policy changes that protect misuse of the system. I have performed regular internal audits as well as external audits and have found no instances of misuse or abuse. Protections are furthered by Washington state law that police must associate any search with a case number attached to it to help with identifying any misuse, as well as there being circumstances in which police must seek a warrant to even create a search query.

I find the Flock system to be very valuable to public safety while also protecting civil liberties. Flock cameras can help criminal investigations as well as assist in finding and locating potentially vulnerable individuals (Amber alerts/Silver Alerts).

One quote represents the cost of a 1-year renewal. The other quote is the cost of a 1-year renewal along with damage/replacement insurance at \$500 per pole per year. The grant would be able to cover the totality of the funding.

RECOMMENDATION: Direct the Chief of Police Which Flock Safety Renewal Quote the Council Approves and Direct Him to Sign Corresponding the Renewal Contract

ATTACHMENTS: Flock Renewal Quote & Flock Renewal with Insurance Quote

The Camera Protection Plan is applicable to all the Flock LPR and/or Video cameras covered by this Order Form. The Camera Protection Plan covers damage to applicable Flock Hardware that is not caused by the acts or omissions of Customer (or any party acting on behalf of Customer), or otherwise from Customer's failure to adhere to the terms of the Agreement, including the implementation guide. With respect to damage to Flock Hardware that is covered by the Camera Protection Plan, Flock will repair or replace the damaged hardware at no cost to Customer.

Product and Services Description

FlockOS Features	Description
Flock Safety LPR, fka Falcon	Law enforcement grade infrastructure-free (solar power + LTE) license plate recognition camera with Vehicle Fingerprint™ technology (proprietary machine learning software) and real-time alerts for unlimited users.
Flock Safety Platform - Essentials	An integrated public safety platform that detects, centralizes and decodes actionable evidence to increase safety, improve efficiency, and connect the community.
Camera Protection Plan	Camera Protection Plan

FlockOS Features & Description

FlockOS Features	Description
Community Network Access	The ability to request direct access to feeds from privately owned Flock Safety LPR cameras located in neighborhoods, schools, and businesses in your community, significantly increasing actionable evidence that clears cases.
Unlimited Users	Unlimited users for FlockOS
State Network (License Plate Lookup Only)	Allows agencies to look up license plates on all cameras opted into the Flock Safety network within your state.
Nationwide Network (License Plate Lookup Only)	With the vast Flock Safety sharing network, law enforcement agencies no longer have to rely on just their devices alone. Agencies can leverage a nationwide system boasting 10 billion additional plate reads per month to amplify the potential to collect vital evidence in otherwise dead-end investigations.
Law Enforcement Network Access	The ability to request direct access to evidence detection devices from Law Enforcement agencies outside of your jurisdiction.
Time & Location Based Search	Search full, partial, and temporary plates by time at particular device locations
License Plate Lookup	Look up specific license plate location history captured on Flock devices
Vehicle Fingerprint Search	Search footage using Vehicle Fingerprint™ technology. Access vehicle type, make, color, license plate state, missing / covered plates, and other unique features like bumper stickers, decals, and roof racks.
Insights & Analytics	Reporting tool to help administrators manage their LPR program with device performance data, user and network audits, plate read reports, hot list alert reports, event logs, and outcome reports.
Real-Time NCIC Alerts on Flock ALPR Cameras	Receive automated alerts when vehicles entered into established databases for missing and wanted persons are detected, including the FBI's National Crime Information Center (NCIC) and National Center for Missing & Exploited Children (NCMEC) databases.
Unlimited Custom Hot Lists	Create a list of vehicles of interest and receive real-time alerts when they're detected by your Flock LPR cameras.
