Clean up spur road off Shaft Street for parking & access to trail.

8. New Business

Josh from public works was at the meeting to discuss options for erosion control on the banks from Alliance road to the city of Cle Elum. He mentioned that the cost would be around 2 million to get the permits and the work done. The committee discussed other options that

would not cost as much. If the city's dedicated that as an emergency road it would help with possible permits and not cost as much.

Also, he was looking into help through the Yakima mitigation plan, and having the sewer utility on the coal mine trail if that might help offset some costs or permitting.

9. Commissioner Comments and Concerns

Laura O. was pleased to see no garbage on the trail.
